BID FORM SUBMISSION
The Bid Form is provided in the solicitation. One fully completed Bid Form with original longhand signature, and a second copy, which may be a photocopy of the signed original (two copies total), shall be submitted in hand, in a sealed envelope or package, to the Office of the Purchasing Agent, Room 500, 2100 Clarendon Boulevard, Arlington, VA 22201, no later than the date and time specified in the Invitation To Bid. Facsimile transmission of bids will not be accepted.

Failure to submit a bid with a fully completed Bid Form, using the Bid Form provided in this solicitation, shall be considered just cause for rejection of the bid. Failure to sign the Bid Form in the designated space, by a person authorized to legally bind the bidder, will result in rejection of the bid. Modification of or additions to any portion of the solicitation may be cause for rejection of the bid; however, the County reserves the right to decide, on a case by case basis, in its sole discretion, whether or not to reject such a bid as nonresponsive. As a precondition to bid acceptance, the County may, in its sole discretion, request that the bidder withdraw or modify nonresponsive portions of a bid which do not affect quality, quantity, price, or delivery. Bids and all documents related to this solicitation submitted to the County by a bidder or a prospective bidder shall, upon receipt by the County, become the property of the County.
BIDDER CERTIFICATION
Submission of a signed Bid Form is certification that the bidder will accept any award made to it as a result of the submission.

EXCEPTIONS
Bidders taking exception to any part or section of this solicitation, including, by way of illustration and not limitation, the Specifications, General Terms and Conditions, the Special Conditions, and any attachments or references hereto, shall indicate such exceptions on the Bid Forms. Failure to indicate any exceptions shall be interpreted as the bidder's intent to fully comply with the solicitation as written. However, conditional or qualified bids with such exceptions, unless specifically allowed in the solicitation, are subject to rejection in whole or in part as nonresponsive.

ALTERNATE INSURANCE COVERAGE
If the bidder does not meet the insurance requirements of the solicitation, alternate insurance coverage, satisfactory to the County, may be considered. Written requests for consideration of alternate coverages must be received by the County Purchasing Agent at least ten (10) working days prior to the date set for receipt of bids. If the County denies the request for alternate coverage, the specified coverages will be required to be submitted. If the County permits alternate coverage, an amendment to the Insurance Requirements will be prepared and distributed prior to the time and date set for receipt of bids.

COMPETITION INTENDED
It is the County's intent that this solicitation permits competition. It shall be the bidder's responsibility to advise the County if any language, requirements or specifications restrict or limit the purchase to a single source. Such notification must be received by the County Purchasing Agent not later than fifteen (15) days prior to the date and time set for bid opening. A review of such notifications will be made and the bidder notified of the results of the review.

ERRORS IN EXTENSION
Where the unit price and the extension price are at variance, the unit price will prevail.

DISCOUNTS
Payment discounts contingent on payment of invoices within a stipulated period of time will be accepted as bid, but will not be considered by the County when evaluating bid prices or when making an award.

EXPENSES INCURRED IN PREPARING BID
The County accepts no responsibility for any expense incurred by the bidder in the preparation and presentation of a bid, such expenses to be borne exclusively by the bidder.

BIDDER INVESTIGATIONS
Before submitting a bid, each bidder shall make all investigations and examinations necessary to ascertain all conditions and requirements affecting the full performance of the Contract and to verify any representations made by the County that the bidder will rely upon. No pleas of ignorance of such
conditions and requirements resulting from failure to make such investigations and examinations will relieve the successful bidder from its obligation to comply in every detail with all provisions and requirements of the Contract documents or will be accepted as a basis for any claim whatsoever for any monetary consideration on the part of the successful bidder.

INCOMPLETE DOCUMENTS
The Contractor, as a bidder, is responsible for having determined the accuracy and completeness of the solicitation documents upon which it relied in making its bid, and having notified the County Purchasing Agent immediately upon discovery of an apparent inaccuracy, error in, or omission of any pages, drawings, sections, or addenda whose omission from the documents was apparent from a reference or page numbering in the solicitation documents.

If a potential bidder downloaded an electronic version of the solicitation documents, such potential bidder is responsible for determining the accuracy and completeness of the electronic documents.

If the Contractor proceeds with any activity that may be affected by an inaccuracy, error in, or omission described above, of which it has not notified the County Purchasing Agent, the Contractor hereby agrees to perform any work described in such missing or incomplete documents at no additional cost to the County.

QUALIFICATION OF BIDDERS
Each bidder may be required, before the award of Contract, to show to the complete satisfaction of the Purchasing Agent that it has the necessary facilities, ability, and financial resources to furnish the service or material specified herein in a satisfactory manner. The bidder may also be required to show past history and references which will enable the Purchasing Agent to be satisfied as to the bidder's qualifications. Failure to qualify according to the foregoing requirements will justify bid rejection by the County.

ALTERNATE BID
Bidders who have other items they wish to offer in lieu of or in addition to that required by this solicitation, shall submit a separate bid clearly marked "ALTERNATE BID." Alternate bids will be automatically deemed nonresponsive and will not be considered for award. Such bids will, however, be examined prior to awarding this solicitation and may result in either cancellation of all bids to permit rewriting of the solicitation to include the alternate item in a rebid or the alternate item may be considered for future requirements.

DEBARMENT STATUS
By submitting a bid, the bidder certifies that it is not currently debarred from submitting bids to Arlington County, Virginia or any political subdivision or agency of the Commonwealth of Virginia, and is not an agent of any person or entity that is currently debarred from submitting bids to Arlington County, Virginia or any political subdivision or agency of the Commonwealth of Virginia, or any other state or their political subdivisions.
NONCONFORMING TERMS AND CONDITIONS
If the bidder submits alternate terms and conditions with the bid that do not conform to the terms and conditions in this solicitation, the bid is subject to rejection as nonresponsive. The County reserves the right to permit the bidder to withdraw nonconforming terms and conditions from its bid prior to a determination by the County of nonresponsiveness as a result of the submission of nonconforming terms and conditions.

INFORMALITIES
The County has the right to waive minor defects or variations from the exact requirements of the solicitation in a bid which do not affect the price, quality, quantity, or delivery schedule of the goods, services or construction being procured. If insufficient information is submitted for the County to properly evaluate the bid by a bidder, the County has the right to require such additional information as it may deem necessary after the bid opening time and date, provided that the information requested does not change the price, quality, quantity, or delivery schedule for the goods, services, or construction being procured.

ARLINGTON COUNTY BUSINESS LICENSES
The successful bidder must comply with the provisions of Chapter 11 (Business Licenses) of the Arlington County Code, if applicable. For information on the provisions of this chapter and its applicability to this Contract, contact the Arlington County Business License Division, Office of the Commissioner of the Revenue, Arlington, Virginia, Telephone Number (703) 228-3060.

BID WITHDRAWAL
No bid can be withdrawn after it is filed unless the bidder makes a request in writing to the County prior to the time set for the opening of bids or unless the County fails to award or issue a notice of intent to award the bid within ninety (90) days after the date fixed for opening bids.

WITHDRAWAL OF BID FROM CONSIDERATION
A bidder may withdraw its bid from consideration if the price bid is substantially lower than other bids due solely to a mistake therein, provided the bid is submitted in good faith, the mistake is a clerical mistake as opposed to a judgment mistake, and is actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of the bid, which unintentional error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn. No partial withdrawals of a bid are permitted after the time and date set for the bid opening. The bidder must give notice in writing to the County Purchasing Agent of a claim of right to withdraw a bid and provide all original work papers, documents and other materials used in the preparation of the bid sought to be withdrawn, within two (2) business days after the bid opening. A bid may also be withdrawn if the bidder makes its request in writing to the County Purchasing Agent prior to the time set for the opening of bids, or if the County fails to award or issue a notice of intent to award the bid within ninety (90) days after the date fixed for opening bids.
PARKING
At most County locations, parking for the Contractor’s vehicles is not provided by the County. The Contractor is responsible for the payment of any parking charges or fines resulting from illegal parking at any of the sites. Arlington County offers the "ParkSmart" card, a prepaid, debit card that can be used at 2800 specially marked parking meters in Arlington County. You may purchase the ParkSmart card at Arlington County Commuter Services Commuter Stores, the Arlington County Treasurer’s Office, or online at www.commuterdirect.com. REQUIREMENTS CONTRACT ACKNOWLEDGEMENT
Bidders acknowledge that the Contract that will be entered into as a result of this solicitation will be a Requirements Contract. The County will have no obligation to the Contractor if no items or services are required. Any quantities which are included in the solicitation are the present expectations of those who are planning for the County for the period of the contract. The amount is only an estimate and the Contractor understands and agrees that the County is under no obligation to the Contractor to buy any amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. The Contractor further understands that the County may require services in excess of the estimated annual contract amount and that such excess shall not give rise to any claim for compensation other than at the unit prices in this Contract.

TRADE SECRETS OR PROPRIETARY INFORMATION
Trade secrets or proprietary information submitted by a bidder or contractor in connection with a procurement transaction or prequalification application submitted pursuant to subsection 4-101(2) of the County Purchasing Resolution shall not be subject to public disclosure under the Virginia Freedom of Information Act. However, the bidder or contractor must invoke the protection of this section prior to or upon submission of the data or other materials, and must identify the data or other materials to be protected and state the reasons why protection is necessary.

INTEREST IN MORE THAN ONE BID AND COLLUSION
Multiple bids received in response to a single solicitation from an individual, firm, partnership, corporation, affiliate, or association under the same or different names will be rejected. Reasonable grounds for believing that a bidder is interested in more than one bid for a solicitation both as a bidder and as a subcontractor for another bidder will result in rejection of all bids in which the bidder is interested. However, a firm acting only as a subcontractor may be included as a subcontractor for two or more bidders submitting a bid for the work. Any or all bids may be rejected if reasonable grounds exist for believing that collusion exists among any bidders. Bidders rejected under the above provisions shall be disqualified if they respond to a re-solicitation for the same work.

EQUIVALENT EXPERIENCE AND REFERENCES
If a bidder or offeror is not able to meet the experience and reference qualifications required under this solicitation, the bidder or offeror may submit a resume indicating the experience and reference qualifications of the proposed project manager for the work, acquired under the project manager’s prior employer(s). Such information shall clearly identify the project.

The County will request additional information if required, and will make a determination as to the acceptability of the experience and reference qualifications of the proposed project manager as a substitute to part or all of the reference and experience qualifications required in the solicitation.

If a contract is awarded based on this section, the Contractor shall not substitute the named project manager for the duration of the contract unless the substitute project manager has equivalent qualifications approved by the County.

**METHOD OF AWARD**
The County will make the award for this solicitation to a single bidder.

APPENDIX B: COST SCENARIO
Provide an itemized cost for the analysis listed below. Include the list price, discounted price, basis of discounted price, and any disposal or pickup fees.

a. One (1) sample, analyzed for all parameters specified in Table 1: Permit Analysis

b. Seven (7) samples, consecutive days, for all parameters and report times in Table 2: Process Analysis. Please note: This requires a sample pickup each day and initial data must be reported within 24 hours of sample pickup.

c. Two (2) samples, analyzed for the parameters in Table 3: Solids Analysis. Note: These samples will be approximately 4 months apart.

d. Four (4) samples, analyzed for the parameters in Table 4: Pretreatment Samples. Note: Sample will be about 3 months apart.
SPECIAL CONDITIONS

CONTRACT DOCUMENTS
Unless a separate formal Agreement is entered into between the parties, the Contract Documents consist of the response of the Contractor and this solicitation. The Contract Documents set forth the entire Agreement between the County and the Contractor. The County and the Contractor agree that no representative or agent of either of them has made any representation or promise with respect to the Contract Documents which is not contained in the Contract Documents, and that all terms and conditions with respect to the Contract Documents are expressly contained herein.

PROJECT OFFICER
The performance of the Contractor is subject to the review and approval of the County Project Officer who shall be appointed by the Director of the agency requesting the work under this solicitation. However, it shall be the responsibility of the Contractor to manage the details of the execution and performance of its work under the Contract Documents.

ADJUSTMENTS FOR CHANGE IN SCOPE
The County may order changes in the work within the general scope of the work consisting of additions, deletions or other revisions. No claim may be made by the Contractor that the scope of the project or of the Contractor’s services has been changed requiring adjustments to the amount of compensation due the Contractor unless such adjustments have been made by a written amendment to the Contract signed by the County and the Contractor. If the Contractor believes that any particular work is not within the scope of the project or is a material change or otherwise will call for more compensation to the Contractor, the Contractor must immediately notify the Project Officer in writing of this belief. Within ten (10) days after any change or event which the Contractor believes calls for more compensation, the Contractor must provide to the Project Officer a proposal which sets forth the amount of additional compensation claimed, together with the basis therefor and supportive documentation for the amount. The Contractor will not be compensated for performing any work unless a proposal complying with this paragraph has been submitted in the time specified above and a written amendment has been signed by the County and the Contractor and a County purchase order is issued covering the cost of the services to be provided under the amendment. If the Project Officer believes that the work is within the scope of the Contract as written, the Contractor will be ordered to continue work.

NONAPPROPRIATION
All funds for payments by the County under this Contract are subject to the availability of an annual appropriation for this purpose by the County Board of Arlington County. In the event of nonappropriation of funds by the County Board of Arlington County for the goods or services provided under this Contract or substitutes for such goods or services which are as advanced or more advanced in their technology, the County will terminate the Contract, without termination charge or other liability to the County, on the last day of the then current fiscal year or when the appropriation made for the then current year for the
services covered by this Contract is spent, whichever event occurs first. If funds are not appropriated at any time for the continuation of this Contract, cancellation will be accepted by the Contractor on thirty (30) days prior written notice, but failure to give such notice shall be of no effect and the County Board of Arlington County shall not be obligated under this Contract beyond the date of termination.

WARRANTY
All material provided to the County shall be fully guaranteed by the Contractor against factory defects. Any defects which may occur as the result of either faulty material or workmanship by the manufacturer within the period of the manufacturer's standard warranty shall be corrected by the Contractor at no expense to Arlington County. The Contractor shall make evidence of all manufacturers' warranties available upon demand. All work is guaranteed by the Contractor against defects resulting from the use of inferior or faulty materials or workmanship for one year from the date of final acceptance of the work by the County in addition to and irrespective of any manufacturer's or supplier's warranty. No date other than the date of final acceptance may be established to govern the effective date of the Guaranty, unless that date is agreed upon by the County and the Contractor in a signed writing.

INSPECTION, ACCEPTANCE AND TITLE
Inspection and acceptance by the County will be at the work site in Arlington County, Virginia and within ten days of delivery unless otherwise provided for in the Contract. The County will not inspect, accept, or pay for any materials stored off-site by the Contractor.

Title and risk of loss or damage to all items shall be the responsibility of the Contractor until acceptance by the County of all work under this Agreement. The County's right of inspection shall not be deemed to relieve the Contractor of its obligation to ensure that all articles, materials and supplies are consistent with specifications and instructions and are fit for their intended use. The County reserves the right to conduct any tests or inspections it may deem advisable to assure that goods or services conform to the specification. The Contractor shall be responsible for maintaining all materials and supplies in the condition in which they were accepted until they are used in the work.

CONTRACTOR'S TITLE TO MATERIALS
No materials or supplies for the work shall be purchased by the Contractor or any subcontractor subject to any chattel mortgage or under a conditional sale or other agreement by which an interest is retained by the seller. The Contractor warrants that it has good title to, and that it will require all subcontractors to warrant that they have good title to, all materials and supplies for which the Contractor invoices for payment.

WORK SITE DAMAGES
Any damage to property, whether owned by the County or others, resulting from work performed under this Contract shall be repaired or replaced to the County's satisfaction at the Contractor's expense.
CLEANING UP
The Contractor shall remove, as frequently as necessary, all refuse, rubbish, scrap materials and debris from the site to the extent they are the result of the Contractor's operations to the end that the site of the work shall present a neat, orderly, and workmanlike appearance at all times. At completion of the work, but before final acceptance, the Contractor shall remove all surplus material, falsework, temporary structures including foundations thereof, and debris of every nature resulting from the Contractor's operations or resulting from any activity on the site related to the Contractor's operations and put the site in a neat, orderly condition; if the Contractor fails to do so, the County shall have the right to remove the surplus material, falsework, temporary structures including foundations thereof, and debris, put the site in a neat, orderly condition, and charge the cost to the Contractor. The County shall be entitled to offset such cost against any sums owed by the County to the Contractor under this Contract.

REPORT STANDARDS
Reports or written material prepared by the Contractor in response to the requirements of this Contract shall, unless otherwise provided for in the Contract, meet standards of professional writing established for the type of report or written material provided, shall be thoroughly researched for accuracy of content, shall be grammatically correct and not contain spelling errors, shall be submitted in a format approved in advance by the Project Officer, and shall be submitted for advance review and comment by the Project Officer. The cost of correcting grammatical errors, correcting report data, or other revisions required to bring the report or written material into compliance with the Contract requirements shall be borne by the Contractor.

When submitting documents to the County, The Contractor shall comply with the following guidelines:

- All submittals and copies shall be printed on at least 30% recycled-content and/or tree free paper;
- All copies shall be double-sided;
- Report covers or binders shall be recyclable, made from recycled materials, and/or easily removable to allow for recycling of report pages (reports with glued bindings that meet all other requirements are acceptable);
- The use of plastic covers or dividers should be avoided; and
- Unnecessary attachments or documents not specifically asked for should not be submitted, and superfluous use of paper (e.g. separate title sheets or chapter dividers) should be avoided.

PAYMENT TERMS
Payment terms will be recorded by the County as Net thirty (30) days. The County will pay the Contractor within thirty (30) days after the date of receipt of a correct (as determined by the Project Officer) invoice approved by the Project Officer describing completed work which is reasonable and allocable to the Contract, or the date of receipt of
the entire order, or the date of acceptance of the work which meets the Contract requirements, whichever is later. Payments will be made by the County for goods or services furnished, delivered, inspected, and accepted upon receipt of invoices submitted on the date of shipment or delivery of service, subject to applicable payment terms. The number of the Purchase Order by which authority shipments have been made or services performed shall appear on all invoices. Invoices shall be submitted in duplicate. Unless otherwise specified herein, payment shall not be made prior to delivery and acceptance of the entire order by the County.

CONTRACT EXTENSION WITH PRICE ADJUSTMENTS NEGOTIATED UP TO CPI-U
The Contract unit price(s) shall remain firm for the first twelve (12) months of the Contract Term. The Contract unit price(s) for each ensuing Contract year, if the County elects to extend the Contract, shall be negotiated by the County and the Contractor. Increases in the price(s) for ensuing years shall not exceed the percentage of change in the U.S. Department of Labor, Consumer Price Index, All Items, Unadjusted, Urban Areas (CPI-U) for the twelve (12) month period ending in JUNE of each Contract Year.

If the Contractor and the County do not agree on a price using the procedure set forth above by the thirtieth (30th) day prior to the end of the initial Contract Term or the end of ensuing renewal term or terms, the County will terminate the Contract whether or not the County has previously elected to extend the term. The Contract unit price(s) changed as a result of this procedure shall become effective on the anniversary date of the Contract and shall be binding on the Contractor for the ensuing renewal term or terms.

UNSATISFACTORY WORK
If any of the work done, or material or equipment provided, by the Contractor is unsatisfactory to the County, the Contractor shall, on being notified by the County, immediately remove at the Contractor's expense such unsatisfactory work or material or equipment and replace the same with work or material or equipment satisfactory to the County and, in the event the Contractor fails within fifteen (15) days after receipt of written notice to remove improper or unsuitable work or material or equipment and replace it with suitable and satisfactory work or material or equipment, the County shall have the right, but not the obligation, to remove the rejected work or material or equipment and replace it with proper work or material or equipment at the expense of the Contractor. This paragraph applies during the Contract term and during any warranty or guarantee period. The County shall be entitled to offset such expense against any sums owed by the County to the Contractor under this Contract.

OSHA REQUIREMENTS
The Contractor certifies that all material supplied or used under this Contract meets all Occupational Safety and Health Administration (O.S.H.A.) requirements, both Federal and those of the Commonwealth of Virginia; and further certifies that, if the material delivered or used in the performance of the work is found to be deficient in any of the applicable state or federal occupational safety and health
requirements, all costs necessary to bring the material into compliance with the requirements shall be borne by the Contractor.

HAZARDOUS MATERIALS
Arlington County is subject to the Hazard Communication Standard, 29 CFR §1910.1200 (Standard). The Contractor agrees that it will provide or cause to be provided Material Safety Data Sheets required under the Standard for all hazardous materials supplied to the County or used in the performance of the work. Such Material Safety Data Sheets shall be delivered to the County no later than the time of actual delivery of any hazardous materials to the County or use of such material in the performance of work under the Contract by the Contractor or its subcontractors, whichever occurs first. Container labeling meeting the requirements of the Standard shall be appropriately affixed to the shipping or internal containers. The County reserves the right to refuse shipments of hazardous materials not appropriately labeled, or when Material Safety Data Sheets have not been received prior to or at the time of receipt of the shipment for use by the County or for use by the Contractor in the performance of the Contract, or whenever the material is delivered in a manner inconsistent with any applicable law or regulation. The Contractor shall comply with all federal, state, and local laws governing toxic and hazardous materials.

TERMINATION FOR DEFAULT
The Contract will remain in force for the full period specified and until the County determines that all requirements and conditions have been satisfactorily met and the County has accepted the Work, and thereafter until the Contractor has met all requirements and conditions relating to the Work under the Contract Documents following the Initial Contract Term and all Subsequent Contract Terms, including warranty and guarantee periods. However, the County will have the right to terminate this Contract sooner if the Contractor has failed to perform satisfactorily the Work required, as determined by the County in its discretion.

In the event the County decides to terminate this Contract for failure to perform satisfactorily, the County will give the Contractor at least fifteen (15) days written notice before the termination takes effect. Such fifteen (15) day period will begin upon the mailing of notice by the County. If the Contractor fails to cure the default within the fifteen (15) days specified in the notice and the Contract is terminated for the Contractor's failure to provide satisfactory Contract performance, the Contractor will be entitled to receive compensation for all Contract services satisfactorily performed by the Contractor and allocable to the Contract and accepted by the County prior to such termination. However, an amount equal to all additional costs required to be expended by the County to complete the Work covered by the Contract, including costs of delay in completing the project, shall be either subtracted from any amount due the Contractor or charged to the Contractor in the event the County terminates the Contract.

Except as otherwise directed by the County, or in the case of termination for default (in which event the Contractor may be entitled
to cure, at the option of the County), the Contractor shall stop Work on the date of receipt of notice of the termination or other date specified in the notice, place no further orders or subcontracts for materials, services, or facilities except as are necessary for the completion of such portion of the Work not terminated, and terminate all vendors and subcontracts and settle all outstanding liabilities and claims.

In the event any termination for default shall be found to be improper or invalid by any court of competent jurisdiction, then such termination shall be deemed to have been a termination for convenience.

TERMINATION FOR THE CONVENIENCE OF THE COUNTY

The performance of work under this Contract may be terminated by the Purchasing Agent in whole or in part whenever the Purchasing Agent shall determine that such termination is in the County's best interest. Any such termination shall be effected by the delivery to the Contractor of a written notice of termination at least fifteen (15) days before the date of termination, specifying the extent to which performance of the work under this Contract is terminated and the date upon which such termination becomes effective.

After receipt of a notice of termination and except as otherwise directed the Contractor shall stop all work on the date of receipt of the notice of termination or other date specified in the notice; place no further orders or subcontracts for materials, services or facilities except as are necessary for the completion of such portion of the work not terminated; immediately transfer all documentation and paperwork for terminated work to the County; and terminate all vendors and subcontracts and settle all outstanding liabilities and claims.

REQUIREMENTS CONTRACT (ESTIMATED QUANTITIES)

During the Contract Term, the Contractor will furnish all of the items or services described in the Contract Documents if so requested by the County. The Contractor understands and agrees that this is a requirements contract and the County will have no obligation to the Contractor if no items or services are required or requested by the County. Any quantities which are included in the Contract Documents are the present expectations of those who are planning for the County for the period of the contract. The amount is only an estimate and the Contractor understands and agrees that the County is under no obligation to the Contractor to buy any amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. The Contractor further understands that the County may require services in excess of the estimated annual Contract amount and that such excess shall not give rise to any claim for compensation other than at the unit prices in this Contract.

CONDITIONS OF THE RIDER CLAUSE

Awardees have the option to extend any contract resulting from this solicitation to all or some of the member jurisdictions of the Metropolitan Washington Council of Governments and the Northern Virginia Cooperative Purchasing Council as set forth in the extension 25 360-08
checklist contained in the Bid Form. The following conditions shall apply to the extension of an award to a designated jurisdiction:

1. A negative reply to inclusion of any jurisdiction shall not adversely affect consideration of a bid for award.

2. There shall be no obligation on the part of any designated jurisdiction to utilize an award extended to that jurisdiction.

3. The awardee is solely responsible for notification of the identified jurisdictions of the availability of the award.

4. Arlington County shall not be held liable for any costs or damages incurred by another jurisdiction as a result of any award extended to that jurisdiction by the awardee.

5. Participating jurisdictions will be permitted to purchase at Contract prices in accordance with contract terms. Participating jurisdictions will place their orders directly with the awardee and will be responsible for placing orders directly with the awardee, arranging deliveries, reconciling discrepancies and invoices, and issuing payments.

6. Each participating jurisdiction has the option of executing a separate contract with the awardee. Contracts entered into with a participating jurisdiction may contain general terms and conditions unique to that jurisdiction including, by way of illustration and not limitation, clauses covering minority participation, non-discrimination, indemnification, naming the jurisdiction as an additional insured under any required CGL policies, and venue. If, when preparing such a contract, the general terms and conditions of a jurisdiction are unacceptable to the awardee, the awardee may withdraw its extension of the award to that jurisdiction.

7. Any extension to another jurisdiction shall be at the unit prices identified in the bid. Bidders shall not, under the conditions of this extension, offer any adjustment, addition, modification or other change to the technical requirements of this solicitation or the unit prices awarded by Arlington County under this solicitation to any public body to which the award is extended.

COUNTY EMPLOYEES
No employee of Arlington County, Virginia shall be admitted to any share or part of this Contract or to any benefit that may arise therefrom which is not available to the general public.

During the performance of this contract, the contractor agrees as follows:

A. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability or any other basis prohibited by state law related to discrimination in employment except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

B. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an Equal Opportunity Employer.

C. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

D. The contractor will comply with the provisions of the Americans with Disabilities Act of 1990 which prohibits discrimination against individuals with disabilities in employment and mandates their full participation in both publicly and privately provided services and activities.

E. The contractor will include the provisions of the foregoing paragraphs in every subcontract or purchase order of over $10,000, so that the provisions will be binding upon each subcontractor or vendor.

EMPLOYMENT OF UNAUTHORIZED ALIENS PROHIBITED
In accordance with §2.2-4311.1 of the Virginia Code, the Contractor acknowledges that it does not, and shall not during the performance of the contract for goods and services in the Commonwealth, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.

DRUG-FREE WORKPLACES TO BE MAINTAINED BY CONTRACTOR
During the performance of this contract, the contractor agrees to (i) provide a drug-free workplace for the contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the contractor's workplace and specifying the actions that will be taken against
employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the contractor that the contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over $10,000, so that the provisions will be binding upon each subcontractor or vendor.

INDEMNIFICATION
The Contractor covenants to save, defend, hold harmless, and indemnify the County, and all of its elected and appointed officials, officers, employees, agents, departments, agencies, boards, and commissions (collectively the "County") from and against any and all claims, losses, damages, injuries, fines, penalties, costs (including court costs and attorney's fees), charges, liability, or exposure, however caused, resulting from, arising out of, or in any way connected with the Contractor's intentional, negligent, or grossly negligent acts or omissions in performance or nonperformance of its work called for by the Contract Documents. This indemnification shall survive the termination of this Contract.

COUNTY PURCHASE ORDER REQUIREMENT
County purchases of goods over $5,000.00 per transaction and purchases of services over $500 per transaction are authorized only if a County Purchase Order is issued in advance of the transaction, indicating that the ordering agency has sufficient funds available to pay for the purchase. A purchase order will be issued for any purchase if the vendor requires a purchase order for its records. The County will not be liable for payment for any purchases of goods over $5,000 per transaction or purchases of services over $500 per transaction made by its employees without appropriate purchase authorization issued by the County Purchasing Agent. Contractors providing goods or services without a signed County Purchase Order do so at their own risk and must satisfy themselves that the ordering person or agency is authorized to purchase goods or services in the name of the County. Please direct questions regarding this requirement to the County Procurement Officers at 703-228-3410.

FAILURE TO DELIVER
In case of failure to deliver goods or services in accordance with the Contract terms and conditions, the County, after due oral or written notice, may procure the goods or services from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs; provided, that if public necessity requires the use of materials or supplies not conforming to the specifications, they may be accepted and payment therefor shall be made at a reduction in price to be determined solely by the County. This remedy shall be in
addition to any other remedies, which the County may have. The County shall be entitled to offset such costs against any sums owed by the County to the Contractor.

ETHICS IN PUBLIC CONTRACTING
This Contract incorporates by reference Article 9 of the Arlington County, Virginia, Purchasing Resolution, as well as any state or federal law related to ethics, conflicts of interest, or bribery, including by way of illustration and not limitation, the Virginia State and Local Government Conflict of Interests Act, the Virginia Governmental Frauds Act, and Articles 2 and 3 of Chapter 10 of Title 18.2 of the Virginia Code, as amended. The Contractor certifies that its offer is made without collusion or fraud and that it has not offered or received any kickbacks or inducements from any other Bidder, supplier, manufacturer, or subcontractor and that it has not conferred on any public employee having official responsibility for this purchase any payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised unless consideration of substantially equal or greater value was exchanged.

LIABILITY
The Contractor shall not be held responsible for failure to perform the duties and responsibilities imposed by this Contract if such failure is due to strikes, fires, riots, rebellions, or Force Majeure, beyond the control of the Contractor, that make performance impossible or illegal, unless otherwise specified in the Contract.

The County shall not be held responsible for failure to perform the duties and responsibilities imposed by the Contract if such failure is due to strikes, fires, riots, rebellions, or Force Majeure, beyond the control of the County, that make performance impossible or illegal, unless otherwise specified in the Contract.

ASSIGNMENT
The Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of any award, or any or all of its rights, obligations, or interests under this Contract, without the prior written consent of the County.

APPLICABLE LAW
This Contract and the work performed hereunder shall be governed in all respects by the laws of the Commonwealth of Virginia and the venue for any litigation with respect thereto shall be in the Circuit Court for Arlington County, Virginia, and in no other court. In performing the Work under this Contract, the Contractor shall comply with applicable federal, state, and local laws, ordinances and regulations.

AUTHORITY TO TRANSACT BUSINESS
Any firm or entity submitting a bid or proposal in response to this solicitation must be authorized to transact business in the Commonwealth of Virginia. THIS SAME REQUIREMENT SHALL APPLY TO ALL FIRMS, REGARDLESS OF THE LEGAL FORM OF THE ENTITY. The proper legal name of the firm or entity must be written in the space provided on the Bid Form or Proposal Form. The County may require a firm to provide
documentation (preferably from a governmental entity) prior to award which: 1) clearly identifies the complete name and legal form of the firm or entity (i.e. corporation, partnership, etc.), and 2) establishes that the firm or entity is authorized to transact business in the Commonwealth of Virginia. Failure of a firm to provide such documentation shall be grounds for cancellation of the award.

**ANTITRUST**

By entering into this Contract, the Contractor conveys, sells, assigns and transfers to the County all rights, title, and interest in and to all causes of action the Contractor may now have or hereafter acquire under the antitrust laws of the United States or the Commonwealth of Virginia, relating to the goods or services purchased or acquired by the County under said Contract.

**RELATION TO COUNTY**

The Contractor will be legally considered as an independent contractor and neither the Contractor nor its employees will, under any circumstances, be considered employees, servants or agents of the County. The County will not be legally responsible for any negligence or other wrongdoing by the Contractor, its employees, servants or agents. The County will not withhold payments to the Contractor for any federal or state unemployment taxes, federal or state income taxes, Social Security tax, or any other amounts for benefits to the Contractor. Further, the County will not provide to the Contractor any insurance coverage or other benefits, including Workers' Compensation, normally provided by the County for its employees.

**DELIVERY**

All goods are purchased F.O.B. point of delivery in Arlington County. All costs for handling and transportation charges to the designated point of delivery shall be borne by the Contractor. Transportation, handling and all related charges shall be included in the unit prices or discounts bid for each item.

**ARLINGTON COUNTY PURCHASING RESOLUTION**

The Contract is governed by the applicable provisions of the Arlington County Purchasing Resolution. The time limit for final written decision by the County Manager in the event of a contractual dispute, as that term is defined in the Purchasing Resolution, is fifteen (15) days. Procedures for considering contractual claims, disputes, administrative appeals, and protests are contained in the Purchasing Resolution, incorporated herein by reference, and available upon request from the Office of the Purchasing Agent.

**ARBITRATION**

It is expressly agreed that nothing under the Contract shall be subject to arbitration, and any references to arbitration are expressly deleted from the Contract.

**PATENTS AND ROYALTIES**

The Contractor covenants to save, defend, hold harmless, and indemnify the County, and all of its officers, officials, departments, agencies, agents, and employees (collectively the "County") from and against any
and all claims, losses, damages, injuries, fines, penalties, costs (including court costs and attorney's fees), charges, liability, or exposure, however caused, for or on account of any trademark, copyright, patented or unpatented invention, process, or article manufactured or used in the performance of this Contract, including its use by the County. If the Contractor uses any design, device, or materials covered by letters patent or copyright, it is mutually agreed and understood, without exception, that the Contract price includes all royalties or costs arising from the use of such design, device, or materials in any way involved with the work.

CONFIDENTIALITY AND RETURN OF RECORDS
The Contractor agrees that all findings, memoranda, correspondence, documents or records of any type, whether written or oral, and all documents generated by the Contractor or its subcontractors as a result of the County's request for services under this Contract, are confidential records ("Record" or "Records"), and neither the Records nor their contents shall be released by the Contractor, its subcontractors, or other third parties; nor shall their contents be disclosed to any person other than the Project Officer or designee. The Contractor agrees that all oral or written inquiries from any person or entity regarding the status of any Record generated as a result of the existence of this Contract shall be referred to the Project Officer or designee for response. At the County's request, the Contractor shall deliver all Records to the Project Officer, including "hard copies" of computer records, and at the County's request, shall destroy all computer records created as a result of the County's request for services under this Contract.

The Contractor agrees to include the provisions of this section as part of any Contract or Agreement the Contractor enters into with subcontractors or other third parties for work related to work pursuant to this Agreement.

No termination of this Agreement shall have the effect of rescinding, terminating or otherwise invalidating this section.

COPYRIGHT
The Contractor hereby irrevocably transfers, assigns, sets over and conveys to the County all right, title and interest, including the sole exclusive and complete copyright interest, in any and all copyrightable works created pursuant to this Agreement. The Contractor further agrees to execute such documents as the County may request to effect such transfer or assignment.

Further, the Contractor agrees that the rights granted to the County by this paragraph are irrevocable. Notwithstanding anything else in this Agreement, the Contractor's remedy in the event of termination of or dispute over the terms of this Agreement shall not include any right to rescind, terminate or otherwise revoke or invalidate in any way the rights conferred pursuant to the provisions of this paragraph. Similarly, no termination of this Agreement shall have the effect of rescinding, terminating or otherwise invalidating the rights acquired pursuant to the provisions of this "Copyright" paragraph.
The use of subcontractors or third parties in developing or creating input into any copyrightable materials produced as a part of this Agreement is prohibited unless the County approves the use of such subcontractors or third parties in advance and such subcontractors or third parties agree to include the provisions of this paragraph as part of any contract they enter into with the Contractor for work related to work pursuant to this Agreement.

PAYMENT OF SUBCONTRACTORS
The Contractor is obligated to take one of the two following actions within seven (7) days after receipt of amounts paid to the Contractor by the County for work performed by any subcontractor under this Contract:

a. Pay the subcontractor for the proportionate share of the total payment received from the County attributable to the work performed by the subcontractor under this Contract; or

b. Notify the County and the subcontractor, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

The Contractor is obligated to pay interest to the subcontractor on all amounts owed by the Contractor that remain unpaid after seven (7) days following receipt by the Contractor of payment from the County for work performed by the subcontractor under this Contract, except for amounts withheld as allowed in b., above. Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month.

The Contractor shall include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor.

The Contractor's obligation to pay an interest charge to a subcontractor pursuant to the above provisions may not be construed to be an obligation of the County. A Contract modification may not be made for the purpose of providing reimbursement for such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

AUDIT
The Contractor agrees to retain all books, records and other documents related to this procurement for at least five (5) years after final payment, or until audited by the County, whichever is sooner. The County or its authorized agents shall have full access to and the right to examine any of the above documents during this period. If the Contractor wishes to destroy or dispose of records (including confidential records to which the County does not have ready access) after the County's audit but within five (5) years after final payment, the Contractor shall notify the County at least thirty (30) days prior to such disposal, and if the County objects, shall not dispose of the records.
PROJECT STAFF
The County will, throughout the Contract Term and any renewal term, have the right of reasonable rejection and approval of staff or subcontractors assigned to the project by the Contractor. If the County reasonably rejects staff or subcontractors, the Contractor must provide replacement staff or subcontractors satisfactory to the County in a timely manner and at no additional cost to the County. The day-to-day supervision and control of the Contractor's employees, and employees of any of its subcontractors, shall be solely the responsibility of the Contractor.

SUPERVISION BY CONTRACTOR
The Contractor shall at all times enforce strict discipline and good order among the workers performing under this Contract, and shall not employ on the work any person not reasonably proficient in the work assigned.

SAFETY
The Contractor shall comply with, and ensure that the Contractor's personnel and subcontracted personnel comply with, all current applicable local, state and federal policies, regulations and standards relating to safety and health, including, by way of illustration and not limitation, the standards of the Virginia Occupational Safety and Health program of the Department of Labor and Industry for General Industry and for the Construction Industry, the Federal Environmental Protection Agency Standards and the applicable standards of the Virginia Department of Environmental Quality.

The Contractor shall provide, or cause to be provided, all technical expertise, qualified personnel, equipment, tools and material to safely accomplish the work specified to be performed by the Contractor and subcontractor(s).

The Contractor shall identify to the County Project Officer at least one on-site person who is the Contractor's competent, qualified, and authorized person on the worksite and who is, by training or experience, familiar with policies, regulations and standards applicable to the work being performed. The competent, qualified and authorized person must be capable of identifying existing and predictable hazards in the surroundings or working conditions which are unsanitary, hazardous or dangerous to employees, shall be capable of ensuring that applicable safety regulations are complied with, and shall have the authority and responsibility to take prompt corrective measures, which may include removal of the Contractor's personnel from the work site.

The Contractor shall provide to the County, at the County's request, a copy of the Contractor's written safety policies and safety procedures applicable to the scope of work. Failure to provide this information within seven (7) days of the County's request may result in cancellation of the award.

INSURANCE REQUIREMENTS
The Contractor shall provide to the County Purchasing Agent a Certificate of Insurance indicating that the Contractor has in force the coverage below prior to the start of any Work under this Contract.
The Contractor agrees to maintain such insurance until the completion of this Contract. All required insurance coverages must be acquired from insurers authorized to do business in the Commonwealth of Virginia and acceptable to the County. The minimum insurance coverage shall be:

Workers Compensation - Virginia Statutory Workers Compensation (W/C) coverage including Virginia benefits and employers liability with limits of $100,000/100,000/500,000. The County will not accept W/C coverage issued by the Injured Worker's Insurance Fund, Towson, MD.

Commercial General Liability - $1,000,000 combined single limit coverage with $1,000,000 general aggregate covering all premises and operations and including Personal Injury, Completed Operations, Contractual Liability, Independent Contractors, and Products Liability. The general aggregate limit shall apply to this Contract. Evidence of Contractual Liability coverage shall be typed on the certificate.

Additional Insured - Arlington County, its officers, elected and appointed officials, and employees shall be named as an additional insured in the Contractor's Commercial General Liability policy; evidence of the Additional Insured endorsement shall be typed on the certificate.

Cancellation - All insurance policies required hereunder shall be endorsed to include the following provision: "It is agreed that this policy is not subject to cancellation, non-renewal, material change, or reduction in coverage until thirty (30) days prior written notice has been given to the Purchasing Agent, Arlington County, Virginia." Therefore, the words "endeavor to" and "but failure to mail such notice shall impose no obligation of liability of any kind upon the company, its agents or representatives" are to be eliminated from the cancellation provision of standard ACORD certificates of insurance.

Contract Identification - The insurance certificate shall state this Contract's number and title.

Business Automobile Liability - $500,000 Combined Single Limit (Owned, non-owned and hired).

The Contractor shall carry errors and Omissions insurance which will pay for injuries arising out of errors or omissions in the rendering, or failure to render services or perform Work under the contract, in the amount of $1,000,000.

The Contractor assumes all risks for direct and indirect damage or injury to the property or persons used or employed on or in connection with the Work contracted for, and of all damage or injury to any person or property wherever located, resulting from any action, omission, commission or operation under the Contract, or in connection in any way whatsoever with the contracted Work.
No acceptance or approval of any insurance by the County shall be construed as relieving or excusing the Contractor from any liability or obligation imposed upon the Contractor by the provisions of the Contract Documents.

The Contractor shall be responsible for the Work performed under the Contract Documents and every part thereof, and for all materials, tools, equipment, appliances, and property of any description used in connection with the Work. The Contractor shall be as fully responsible to the County for the acts and omissions of its subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by it.

Notwithstanding any of the above, the Contractor may satisfy its obligations under this section by means of self insurance for all or any part of the insurance required, provided that the alternative coverages are submitted to and acceptable to the County.
