CONTRACT AUTHORIZATION

DISTRIBUTION

Richard Warren, Jr., CPPB
PURCHASING AGENT
THIS RIDER AGREEMENT (hereinafter “Agreement”) is made, on the date of its execution by the County, between DLT Solutions, 13861 Sunrise Valley Drive, Suite 400, Herndon, Virginia 20171 (“Contractor”), a Virginia Corporation authorized to transact business in the Commonwealth of Virginia, and the County Board of Arlington County, Virginia (“County”). The County and the Contractor, for the consideration and quantity(ies) specified herein or specified in a County Purchase Order referencing this Agreement, agree as follows:

1. CONTRACT DOCUMENTS
The Contract Documents consist of this Agreement and Exhibit A (Pricing Form) and Exhibit B (US Communities Contract No 13120RFP), Exhibit C (Non-disclosure and Data Security Agreement) (collectively, “Contract Documents” or “Contract”).

This Agreement rides a competitive procurement process conducted by Maricopa County, Arizona and U.S. Communities. The Contractor desires to extend to the County the same pricing and terms as the Contractor’s agreement with Maricopa County, Arizona and U.S. Communities.

Where the terms and provisions of this Agreement vary from the terms and provisions of the other Contract Documents, the terms and provisions of this Agreement shall prevail over the other Contract Documents for this purchase only, provided that where terms and conditions relate to licensure or ownership of Oracle products, the terms of Exhibit C will prevail. The remaining Contract Documents shall be complementary to each other and if there are any conflicts the most stringent terms or provisions shall prevail.

The Contract Documents set forth the entire agreement between the County and the Contractor. The County and the Contractor agree that no representative or agent of either of them has made any representation or promise with respect to the parties’ agreement which is not contained in the Contract Documents.

2. CONTRACT TERM
The Contractor’s provision of goods for the County (“Work”) shall commence on the date of execution of this Agreement by the County and shall be completed no later than April 30, 2017 (“Initial Contract Term”), subject to any modifications as provided for in the Contract Documents.

Upon satisfactory performance by the Contractor, and with the concurrence of the Contractor, if Maricopa County, Arizona renews their agreement identified in Exhibit C, the County may elect to renew this Agreement for two (2) additional years from May 1, 2017 to April 30, 2019 (“Subsequent Contract Term”). However, if Maricopa County, Arizona does NOT renew their agreement identified in Exhibit C, this Agreement shall automatically expire on the date of Maricopa County, Arizona’s contract expiration date.
3. CONTRACT PRICING
The County will pay the Contractor in accordance with the terms of the Payment paragraph below, at the unit prices set forth in Exhibit A for Work provided by the Contractor, as described and required in the Contract Documents, and accepted by the County.

4. SCOPE OF WORK
The Contractor agrees to provide the goods described in the Contract Documents. The primary purpose of the Work is to provide Oracle Taleo Platform Cloud Services products and related services.

It shall be the Contractor’s responsibility, at the Contractor’s sole cost, to provide the specific Work at the prices set forth in the Contract Documents sufficient to fulfill the purposes of the Work. Nothing in the Contract Documents shall be construed to limit the Contractor’s responsibility to manage the details and execution of the Work.

5. PROJECT OFFICER
The performance of the Contractor is subject to the review and approval of the County Project Officer (“Project Officer”), who shall be appointed by the Director of the Arlington County department or agency requesting the work under the Contract Documents. However, it shall be the responsibility of the Contractor to manage the details of the execution and performance of its work pursuant to the Contract Documents.

6. PAYMENT TERMS
Payment terms will be recorded by the County as Net thirty (30) days. The County will pay the Contractor within thirty (30) calendar days after the date of receipt of a correct, as determined by the Project Officer, invoice approved by the Project Officer describing completed work which is reasonable and allocable to the Contract, or the date of receipt of the entire order, or the date of acceptance of the work which meets the Contract requirements, whichever is later. Payments will be made by the County for goods or services furnished, delivered, inspected, and accepted upon receipt of invoices submitted on the date of shipment or delivery of service, subject to applicable payment terms. The number of the County Purchase Order pursuant to which authority shipments have been made or services performed shall appear on all invoices. Invoices shall be submitted in duplicate. Unless otherwise specified herein, payment shall not be made prior to delivery and acceptance of the entire order by the County.

7. PAYMENT OF SUBCONTRACTORS
The Contractor is obligated to take one of the two following actions within seven (7) days after receipt of amounts paid to the Contractor by the County for work performed by any subcontractor under this Contract:

   a. Pay the subcontractor for the proportionate share of the total payment received from the County attributable to the work performed by the subcontractor under this Contract; or

   b. Notify the County and the subcontractor, in writing, of the Contractor’s intention to withhold all or a part of the subcontractor’s payment with the reason for nonpayment.

The Contractor is obligated to pay interest to the subcontractor on all amounts owed by the Contractor to the subcontractor that remain unpaid after seven (7) calendar days following receipt by the Contractor of payment from the County for work performed by the subcontractor under this Contract, except for
amounts withheld as allowed in subsection b., above. Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month.

The Contractor shall include in each of its subcontracts, if any are permitted, a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements as those contained herein with respect to each lower-tier subcontractor.

The Contractor’s obligation to pay an interest charge to a subcontractor pursuant to this section may not be construed to be an obligation of the County. A Contract modification may not be made for the purpose of providing reimbursement for such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

8. NON-APPROPRIATION
All funds for payments by the County to the Contractor pursuant to this Contract are subject to the availability of an annual appropriation for this purpose by the County Board of Arlington County, Virginia. In the event of non-appropriation of funds by the County Board of Arlington County, Virginia for the goods or services provided under this Contract or substitutes for such goods or services which are as advanced or more advanced in their technology, the County will terminate the Contract, without termination charge or other liability to the County, on the last day of the then-current fiscal year or when the appropriation made for the then-current year for the services covered by this Contract is spent, whichever event occurs first. If funds are not appropriated at any time for the continuation of this Contract, cancellation will be accepted by the Contractor on thirty (30) days prior written notice, but failure to give such notice shall be of no effect and the County shall not be obligated under this Contract beyond the date of termination specified in the County’s written notice.

9. COUNTY PURCHASE ORDER REQUIREMENT
County purchases are authorized only if a County Purchase Order is issued in advance of the transaction, indicating that the ordering agency has sufficient funds available to pay for the purchase. Such a Purchase Order is to be provided to the Contractor by the ordering agency. The County will not be liable for payment for any purchases made by its employees without appropriate purchase authorization issued by the County Purchasing Agent. If the Contractor provides goods or services without a signed County Purchase Order, it does so at its own risk and sole expense. A County Purchase Order is binding upon mutual execution by the Parties. County purchases are authorized only if a County Purchase Order is issued in advance of the transaction. A Purchase Order must indicate that the ordering agency has sufficient funds available to pay for the purchase. A Purchase Order issued under this Agreement must be accompanied by the applicable vendor Quote and Services Scope Statement to be valid. Such a purchase order is to be provided to the Contractor by the County.

10. DELIVERY
All goods are purchased F.O.B. destination in Arlington County as designated in this Contract. All costs for handling and transportation charges to the designated point of delivery shall be borne by the Contractor. Transportation, handling and all related charges are included in the unit prices or discounts submitted by the Contractor with its bid.

11. WARRANTY
All warranties are in accordance with the manufacturer’s standard terms and conditions as stated in the Contract Documents.
12. INSPECTION, ACCEPTANCE, TITLE, AND RISK OF LOSS
Inspection and acceptance of goods or materials by the County will be at the delivery location in Arlington County, Virginia within 5 days of delivery. The County will not inspect, accept, or pay for any goods or materials stored or delivered off-site by the Contractor.
Title and risk of loss or damage to all goods shall be the responsibility of the Contractor until acceptance by the County. The County’s right of inspection shall not be deemed to relieve the Contractor of its obligation to ensure that all articles, materials and supplies are consistent with specifications and instructions and are fit for their intended use. The County reserves the right to conduct any tests or inspections it may deem appropriate before acceptance.

No goods or materials shall be purchased by the Contractor or any subcontractor subject to any chattel mortgage or under a conditional sale or other agreement by which an interest is retained by the seller. The Contractor warrants that it has good title to, and that it will require all subcontractors to warrant that they have good title to, all goods or materials for which the Contractor invoices for payment.

13. EMPLOYMENT DISCRIMINATION BY CONTRACTOR PROHIBITED
During the performance of this Contract, the Contractor agrees as follows:

   a. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability or any other basis prohibited by federal or Virginia law related to discrimination in employment except where there is a bona fide occupational qualification reasonably necessary or related to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

   b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that the Contractor is an Equal Opportunity Employer.

   c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

   d. The Contractor will comply with the provisions of the Americans with Disabilities Act of 1990 which prohibits discrimination against individuals with disabilities in employment, and mandates their full participation in both publicly and privately-provided services and activities.

   e. The Contractor will include the provisions of the foregoing paragraphs in every subcontract or purchase order of over $10,000.00, so that these provisions will apply to each subcontractor or vendor.

14. EMPLOYMENT OF UNAUTHORIZED ALIENS PROHIBITED
In accordance with § 2.2-4311.1 of the Code of Virginia, 1950, as amended, the Contractor acknowledges that it does not, and shall not during the performance of this Contract, knowingly employ an unauthorized alien as that term is defined in the federal Immigration Reform and Control Act of 1986.

15. DRUG-FREE WORKPLACE TO BE MAINTAINED BY CONTRACTOR
During the performance of this Contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor’s employees; (ii) post in conspicuous places, available to employees and applicants for
employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of marijuana or any other controlled substance is prohibited in the Contractor's workplace, and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over $10,000.00 relating to this Contract, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a contractor by Arlington County, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

16. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE

The Contract shall remain in force for the Initial Contract Term or any Subsequent Contract Term(s) and until the County determines that all the following requirements and conditions have been satisfactorily met: the County has accepted the Work, and thereafter until the Contractor has met all requirements and conditions relating to the Work under the Contract Documents, including warranty and guarantee periods.

If the County determines that the Contractor has failed to perform satisfactorily, then the County must give the Contractor written notice of such failure(s) and the opportunity to cure such failure(s) within at least thirty (30) days before termination of the Contract ("Cure Period"). If the Contractor fails to cure within the Cure Period, or as otherwise specified in the notice, the Contract may be terminated for the Contractor's failure to provide satisfactory Contract performance. Upon such termination, the Contractor may apply for compensation for Contract services satisfactorily performed by the Contractor, allocable to the Contract and accepted by the County prior to such termination unless otherwise barred by the Contract ("Termination Costs"). In order to be considered, such request for Termination Costs, with all supporting documentation, must be submitted to the County Project Officer within fifteen (15) days after the expiration of the Cure Period. The County may accept or reject, in whole or in part, the application for Termination Costs and notify the Contractor of same within a reasonable time thereafter. Nothing in this clause is intended to limit the Contractor's remedies at law.

If the County terminates the Contract for default or breach of any Contract provision or condition the Contractor shall not be permitted to seek Termination Costs.

Upon any termination pursuant to this section, the Contractor shall be liable to the County for all costs incurred by the County after the effective date of termination, including costs required to be expended by the County to complete the Work covered by the Contract, including costs of delay in completing the Project or the cost of repairing or correcting any unsatisfactory or non-compliant work performed or provided by the Contractor or its subcontractors. Such costs shall be either deducted from any amount due the Contractor or shall be promptly paid by the Contractor to the County upon demand by the County. Additionally, and notwithstanding any provision in this Contract to the contrary, the Contractor is liable to the County, and the County shall be entitled to recover, all damages to which the County is entitled by this Contract or by law, including and without limitation, direct damages, indirect damages, consequential damages, delay damages, replacement costs, refund of all sums paid by the County to the Contractor under the Contract and all attorney fees and costs incurred by the County to enforce any provision of this Contract.
Except as otherwise directed by the County in the notice, the Contractor shall stop work on the date of receipt of notice of the termination or other date specified in the notice, place no further orders or subcontracts for materials, services, or facilities except as are necessary for the completion of such portion of the Work not terminated, and terminate all vendors and subcontracts and settle all outstanding liabilities and claims. Any purchases after the date of termination contained in the notice shall be the sole responsibility of the Contractor.

In the event any termination for cause, default, or breach shall be found to be improper or invalid by any court of competent jurisdiction then such termination shall be deemed to have been a termination for convenience.

17. TERMINATION FOR THE CONVENIENCE OF THE COUNTY
The performance of Work under this Contract may be terminated by the County Purchasing Agent, in whole or in part, whenever the Purchasing Agent shall determine that such termination is in the County's best interest. Any such termination shall be effected by the delivery to the Contractor of a written notice of termination at least fifteen (15) days before the date of termination, specifying the extent to which performance of the Work under this Contract is terminated and the date upon which such termination becomes effective. The Contractor will be entitled to receive compensation for all Contract services satisfactorily performed by the Contractor and allocable to the Contract and accepted by the County prior to such termination and any other reasonable termination costs as negotiated by the parties, but no amount shall be allowed for anticipatory profits.

After receipt of a notice of termination and except as otherwise directed, the Contractor shall stop all designated work on the date of receipt of the notice of termination or other date specified in the notice; place no further orders or subcontracts for materials, services or facilities except as are necessary for the completion of such portion of the work not terminated; immediately transfer all documentation and paperwork for terminated work to the County.

18. INDEMNIFICATION
The Contractor shall indemnify the County, and all of its elected and appointed officials, officers, current and former employees, agents, departments, agencies, boards, and commissions (collectively the "County" for purposes of this section) from and against any and all claims made by third parties or by the County for any and all losses, damages, injuries, fines, penalties, costs (including court costs and reasonable attorney’s fees), charges, liability, demands or exposure, resulting from, the Contractor’s acts or omissions, including the acts or omissions of its employees and/or subcontractors, in performance or nonperformance of the work called for by the Contract Documents. This duty to indemnify shall survive the termination of this Contract. If, after notice by the County, the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor shall be liable for and reimburse the County for any and all expenses, including, but not limited to, reasonable attorneys fees incurred and any settlements or payments made. The Contractor shall pay such expenses upon demand by the County and failure to do so may result in such amounts being withheld from any amounts due to Contractor under this Contract.

19. CONFIDENTIAL INFORMATION
The Contractor, and its employees, agents, and subcontractors, hereby agree to hold as confidential all County information obtained as a result of its Work under this Contract. Confidential information includes, but is not limited to, nonpublic personal information, personally identifiable health information, social security numbers, addresses, dates of birth, other contact information or medical information about a person, information pertaining to products, operations, systems, customers, prospective customers, techniques, intentions, processes, plans, expertise and any information entrusted to any
affiliate of the parties. The Contractor shall take reasonable measures to ensure that all of its employees, agents, and subcontractors are informed of, and abide by, this requirement.

20. ETHICS IN PUBLIC CONTRACTING
This Contract incorporates by reference Article 9 of the Arlington County Purchasing Resolution, as well as any Virginia or federal law related to ethics, conflicts of interest, or bribery, including, by way of illustration and not limitation, the Virginia State and Local Government Conflict of Interests Act (Code of Virginia § 2.2-3100 et seq.), the Virginia Governmental Frauds Act (Code of Virginia § 18.2-498.1 et seq.), and Articles 2 and 3 of Chapter 10 of Title 18.2 of the Code of Virginia, as amended (§ 18.2-438 et seq.). The Contractor certifies that its offer was made without collusion or fraud and that it has not offered or received any kickbacks or inducements from any other bidder, supplier, manufacturer, or subcontractor and that it has not conferred on any public employee having official responsibility for this procurement any payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised unless consideration of substantially equal or greater value was exchanged.

21. COUNTY EMPLOYEES
No employee of the County shall be admitted to any share in any part of this Contract or to any benefit that may arise therefrom which is not available to the general public.

22. FORCE MAJEURE
The Contractor shall not be held responsible for failure to perform the duties and responsibilities imposed by this Contract if such failure is due to fires, riots, rebellions, natural disasters, wars, or an act of God beyond the control of the Contractor and outside the scope of the Contractor's then-current, by industry standards, disaster plan that make performance impossible or illegal, unless otherwise specified in the Contract.

The County shall not be held responsible for failure to perform its duties and responsibilities imposed by the Contract if such failure is due to fires, riots, rebellions, natural disasters, wars, or an act of God beyond the control of the County that make performance impossible or illegal, unless otherwise specified in the Contract.

23. AUTHORITY TO TRANSACT BUSINESS
The Contractor shall, pursuant to Code of Virginia § 2.2-4311.2, be and remain authorized to transact business in the Commonwealth of Virginia during the Initial Term and any Subsequent Contract Term(s) of this Contract. A contract entered into by a Contractor in violation of this requirement is voidable, without cost or expense, at the sole option of the County.

24. RELATION TO THE COUNTY
The Contractor is an independent contractor, and neither the Contractor nor its employees or subcontractors will, under any circumstances, be considered employees, servants or agents of the County. The County will not be legally responsible for any negligence or other wrongdoing by the Contractor, its employees, servants or agents. The County will not withhold from payments to the Contractor any federal or state unemployment taxes, federal or state income taxes, Social Security tax, or any other amounts for benefits to the Contractor or its employees, servants or agents. Furthermore, the County will not provide to the Contractor any insurance coverage or other benefits, including workers’ compensation, normally provided by the County for its employees.
25. ANTITRUST
By entering into this Contract, the Contractor conveys, sells, assigns and transfers to the County all rights, title, and interest in and to all causes of action the Contractor may now have or hereafter acquire under the antitrust laws of the United States or the Commonwealth of Virginia, relating to the goods purchased or acquired by the County under this Contract.

26. AUDIT
The Contractor agrees to retain all books, records and other documents related to this Contract for at least five (5) years after final payment. The County or its authorized agents shall have full access to and the right to examine any of the above documents during this period and during the Initial Contract Term and any Subsequent Contract Term. If the Contractor wishes to destroy or dispose of records (including confidential records to which the County does not have ready access) within five (5) years after final payment, the Contractor shall notify the County at least thirty (30) days prior to such disposal, and if the County objects, shall not dispose of the records.

27. ASSIGNMENT
The Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of any award, or any or all of its rights, obligations, or interests under this Contract, without the prior written consent of the County.

28. AMENDMENTS
Unless otherwise specified herein, this Contract shall not be amended except by written amendment executed by persons duly authorized to bind the Contractor and the County.

29. ARLINGTON COUNTY PURCHASING RESOLUTION AND COUNTY POLICIES
Notwithstanding any provision to the contrary herein, no provision of the Arlington County Purchasing Resolution or any applicable County policy is waived in whole or in part.

30. DISPUTE RESOLUTION
All disputes arising under this Agreement, or its interpretation, whether involving law or fact, extra work or extra compensation or time, and all claims for alleged breach of Contract shall be submitted in writing to the Project Officer for decision at the time of the occurrence or beginning of the work upon which the claim is based, whichever occurs first. Any such claims shall state the facts surrounding it in sufficient detail to identify it together with its character and scope. In accordance with the Arlington County Purchasing Resolution, claims denied by the Project Officer may be submitted to the County Manager in writing no later than sixty (60) days after final payment. The time limit for final written decision by the County Manager in the event of a contractual dispute, as that term is defined in the Arlington County Purchasing Resolution, is fifteen (15) days. Procedures for considering contractual claims, disputes, administrative appeals, and protests are contained in the Purchasing Resolution, which is incorporated herein by reference. A copy of the Arlington County Purchasing Resolution is available upon request from the Office of the Purchasing Agent. The Contractor shall not cause a delay in the Work pending a decision of the Project Officer, County Manager, County Board, or a court.

31. APPLICABLE LAW, FORUM, VENUE, AND JURISDICTION
This Contract and the work performed hereunder shall be governed in all respects by the laws of the Commonwealth of Virginia, and the jurisdiction, forum, and venue for any litigation with respect hereto shall be in the Circuit Court for Arlington County, Virginia, and in no other court. In performing its work under this Contract, the Contractor shall comply with applicable federal, state, and local laws, ordinances and regulations.
32. ARBITRATION
It is expressly agreed that nothing under the Contract shall be subject to arbitration, and that any references to arbitration are expressly deleted from the Contract.

33. NONEXCLUSIVITY OF REMEDIES
All remedies available to the County under this Contract are cumulative, and no such remedy shall be exclusive of any other remedy available to the County or the Contractor at law or in equity.

34. NO WAIVER
The failure of either party to exercise in any respect a right provided for in this Contract shall not be deemed to be a subsequent waiver of the same right or any other right.

35. SEVERABILITY
The sections, paragraphs, sentences, clauses and phrases of this Contract are severable, and if any phrase, clause, sentence, paragraph or section of this Contract shall be declared invalid by a court of competent jurisdiction, such invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Contract.

36. NO WAIVER OF SOVEREIGN IMMUNITY
Notwithstanding any other provision of this Contract, nothing in this Contract or any action taken by the County pursuant to this Contract shall constitute or be construed as a waiver of either the sovereign or governmental immunity of the County. The parties intend for this provision to be read as broadly as possible.

37. SURVIVAL OF TERMS
In addition to the numbered section in this Agreement which specifically state that the term or paragraph survives the expiration of termination of this Contract, the following sections if included in this Contract also survive: INDEMNIFICATION; RELATION TO COUNTY; AUDIT; WARRANTY; AND CONFIDENTIAL INFORMATION.

38. HEADINGS
The section headings in this Contract are inserted only for convenience and are not to be construed as part of this Contract or a limitation on the scope of the particular section to which the heading precedes.

39. AMBIGUITIES
Each party and its counsel have participated fully in the review and revision of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement. The language in this Agreement shall be interpreted as to its fair meaning and not strictly for or against any party.

41. **NON-DISCRIMINATION NOTICE**
Arlington County does not discriminate against faith-based organizations.

42. **INSURANCE REQUIREMENTS**
The Contractor shall provide to the County Purchasing Agent a Certificate of Insurance indicating that the Contractor has in force the coverage below prior to the start of any Work under this Contract and upon any contract extension. The Contractor agrees to maintain such insurance until the completion of this Contract or as otherwise stated in the Contract Documents. All required insurance coverages must be acquired from insurers authorized to do business in the Commonwealth of Virginia, with a rating of “A-” or better and a financial size of “Class VII” or better in the latest edition of the A.M. Best Co. Guides, and acceptable to the County.

The minimum insurance coverage shall be:

a. **Workers Compensation** - Virginia Statutory Workers Compensation (W/C) coverage including Virginia benefits and employers liability with limits of $100,000/100,000/500,000. The County will not accept W/C coverage issued by the Injured Worker's Insurance Fund, Towson, MD.

b. **Commercial General Liability** - $1,000,000 combined single limit coverage with $2,000,000 general aggregate covering all premises and operations and including Personal Injury, Completed Operations, Contractual Liability, Independent Contractors, and Products Liability. The general aggregate limit shall apply to this Contract. Evidence of Contractual Liability coverage shall be typed on the certificate.

c. **Business Automobile Liability** - $1,000,000 Combined Single Limit (Owned, non-owned and hired).
d. The Contractor shall carry Errors and Omissions or Professional Liability insurance which will pay for injuries arising out of errors or omissions in the rendering, or failure to render services or perform Work under the contract, in the amount of $1,000,000.

e. Additional Insured - Arlington County, and its officers, elected and appointed officials, employees, and agents shall be named as an additional insureds on all policies except Workers Compensation and Auto and Professional Liability; and evidence of the Additional Insured endorsement shall be typed on the certificate.

f. Cancellation - If there is a material change or reduction in coverage the Contractor shall notify the Purchasing Agent immediately upon Contractor’s notification from the insurer. It is the Contractor’s responsibility to notify the County upon receipt of a notice indicating that the policy will not be renewed or will be materially changed. Any policy on which the Contractor has received notification from an insurer that the policy has or will be cancelled or materially changed or reduced must be replaced with another policy consistent with the terms of this Contract, and the County notified of the replacement, in such a manner that there is no lapse in coverage. Not having the required insurance throughout the Contract Term is grounds for termination of the Contract.

g. Any insurance coverage that is placed as a “claims made” policy must remain valid and in force, or the Contractor must obtain an extended reporting endorsement consistent with the terms of this Contract, until the applicable statute of limitations has expired, such date as determined to begin running from the date of the Contractor’s receipt of final payment.

h. Contract Identification - The insurance certificate shall state this Contract’s number and title.

The Contractor must disclose the amount of any deductible or self-insurance component applicable to the General Liability, Automobile Liability, Professional Liability, Intellectual Property or any other policies required herein, if any. The County reserves the right to request additional information to determine if the Contractor has the financial capacity to meet its obligations under a deductible. Thereafter, at its option, the County may require a lower deductible, funds equal to the deductible be placed in escrow, a certificate of self-insurance, collateral, or other mechanism in the amount of the deductible to ensure protection for the County.

No acceptance or approval of any insurance by the County shall be construed as relieving or excusing the Contractor from any liability or obligation imposed upon the Contractor by the provisions of the Contract Documents.

The Contractor shall be responsible for the work performed under the Contract Documents and every part thereof, and for all materials, tools, equipment, appliances, and property of any description used in connection with the work. The Contractor assumes all risks for direct: damage or injury to the property or persons used or employed on or in connection with the Work contracted for, and of all direct damage or injury to any person or property wherever located, resulting directly from any action, omission, commission or operation during Contractor’s performance of the Contract. The Contractor shall be as
fully responsible to the County for the acts and omissions of its subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by it.

Notwithstanding any of the above, the Contractor may satisfy its obligations under this section by means of self-insurance for all or any part of the insurance required, provided that the Contractor can demonstrate financial capacity and the alternative coverages are submitted to and acceptable to the County. The Contractor must also provide its most recent actuarial report and provide a copy of its self-insurance resolution to determine the adequacy of the insurance funding.

of required licenses shall be determined by multiplying the total number of cores of the processor by a core processor licensing factor specified on the Oracle Processor Core Factor Table which can be accessed at http://oracle.com/contracts. All cores on all multicore chips for each licensed program are to be aggregated before multiplying by the appropriate core processor licensing factor and all fractions of a number are to be rounded up to the next whole number. When licensing Oracle programs with Standard Edition One or Standard Edition in the product name (with the exception of Java SE Support, Java SE Advanced, and Java SE Suite), a processor is counted equivalent to an occupied socket; however, in the case of multi-chip modules, each chip in the multi-chip module is counted as one occupied socket.

For example, a multicore chip based server with an Oracle Processor Core Factor of 0.25 installed and/or running the program (other than Standard Edition One programs or Standard Edition programs) on 6 cores would require 2 processor licenses (6 multiplied by a core processor licensing factor of .25 equals 1.50, which is then rounded up to the next whole number, which is 2). As another example, a multicore server for a hardware platform not specified in the Oracle Processor Core Factor Table installed and/or running the program on 10 cores would require 10 processor licenses (10 multiplied by a core processor licensing factor of 1.0 for "All other multicore chips" equals 10).

Technical Support

For purposes of the ordering document, technical support consists of annual technical support services you may have ordered for the programs. If ordered, annual technical support (including first year and all subsequent years) is provided under Oracle's technical support policies in effect at the time the services are provided. The technical support policies, incorporated in this agreement, are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of services provided for supported programs during the period for which fees for technical support have been paid. You should review the policies prior to entering into the ordering document for the applicable services. You may access the current version of the technical support policies at http://oracle.com/contracts.

Technical support is effective upon the effective date of the ordering document unless otherwise stated in your order. If your order was placed through the Oracle Store, the effective date is the date your order was accepted by Oracle.

Software Update License & Support (or any successor technical support offering to Software Update License & Support, "SULS") acquired with your order may be renewed annually and, if you renew SULS for the same number of licenses for the same programs, for the first and second renewal years the fee for SULS, will not increase by more than 4% over the prior year's fees. If your order is fulfilled by a member of Oracle's partner program, the fee for SULS for the first renewal year will be the price quoted to you by your partner; the fee for SULS for the second renewal year will not increase by more than 4% over the prior year's fees.

If you decide to purchase technical support for any license within a license set, you are required to purchase technical support at the same level for all licenses within that license set. You may discontinue a subset of licenses in a license set only if you agree to terminate that subset of licenses. The technical support fees for the remaining licenses will be priced in accordance with the technical support policies in effect at the time of termination. Oracle's license set definition is available in the current technical support policies. If you decide not to purchase technical support, you may not update any unsupported program licenses with new versions of the program.

Telephone Number: is defined as each unique telephone number for which the billing information is managed or displayed using the program, regardless of the number of individual account holders associated with such telephone numbers.
Terabyte: is defined as a terabyte of computer storage space used by a storage file equal to one trillion bytes.

$B in Total Assets: is defined as one billion U.S. dollars of your latest published or internally available "Total Asset Value" as disclosed in your annual report and/or regulatory filings.

Trainee: is defined as an employee, contractor, student or other person who is being recorded by the program.

Transaction: is defined as each set of interactions that is initiated by an application user recorded by Oracle Enterprise Manager to capture availability and performance metrics used in calculating service levels. For example, the following set of interactions would represent one transaction: login, search customer, log out.

1K Transactions: is defined as one thousand unique transactions processed through the program during a 12 month period. You may not exceed the licensed number of transactions during a 12 month period unless you acquire additional transaction licenses from Oracle. For Oracle Contact Center Anywhere, a unique transaction is defined as one of the following: inbound phone call, outbound phone call (direct dialed, preview dialed, predictive dialed, web call back), workgroup fax, workgroup email/voice mail, and chat session (inbound sessions / web collaboration with agents). For JD Edwards World Purchase Card Management, a unique transaction is defined as a single charge processed by the program.

UPK Developer: is defined as an individual authorized by you to use the programs which are installed on a single server or multiple servers, regardless of whether the individual is actively using the programs at any given time. UPK Developers may create, modify, view and interact with simulations and documentation.

UPK Module: is defined as the functional software component described in the product documentation.

Wireless handset: is defined as a mobile communications device such as a mobile telephone, PDA, or paging device, that has as primary functions wireless voice communications and data services provided through a service provider.

Workstation: is defined as the client computer from which the programs are being accessed, regardless of where the program is installed.

Term Designation
If your program license does not specify a term, the program license is perpetual and shall continue unless terminated as otherwise provided in the agreement.

1, 2, 3, 4, 5 Year Terms: A program license specifying a 1, 2, 3, 4 or 5 Year Term shall commence on the effective date of the order and shall continue for the specified period. At the end of the specified period the program license shall terminate.

1 Year Subscription: A program license specifying a 1 Year Subscription shall commence on the effective date of the order and shall continue for a period of 1 year. At the end of the 1 year the program license shall terminate.
13120 EXHIBIT C
ORACLE DEFINITIONS AND RULES

Licensing Rules for Oracle Technology Programs and Oracle Business Intelligence Applications

Failover: Subject to the conditions that follow below, your license for the programs listed on the US Oracle Technology Price List, which may be accessed at http://www.oracle.com/corporate/pricing/pricelists.html, includes the right to run the licensed program(s) on an unlicensed spare computer in a failover environment for up to a total of ten separate days in any given calendar year (for example, if a failover node is down for two hours on Tuesday and three hours on Friday, it counts as two days). The above right only applies when a number of machines are arranged in a cluster and share one disk array. When the primary node fails, the failover node acts as the primary node. Once the primary node is repaired, you must switch back to the primary node. Once the failover period has exceeded ten days, the failover node must be licensed. In addition, only one failover node per clustered environment is at no charge for up to ten separate days even if multiple nodes are configured as failover. Downtime for maintenance purposes counts towards the ten separate days limitation. When licensing options on a failover environment, the options must match the number of licenses of the associated database. Additionally, when licensing by Named User Plus, the user minimums are waived on one failover node only. Any use beyond the right granted in this section must be licensed separately. In a failover environment, the same license metric must be used for the production and failover nodes when licensing a given clustered configuration.

Testing: For the purpose of testing physical copies of backups, your license for the Oracle Database (Enterprise Edition, Standard Edition or Standard Edition One) includes the right to run the database on an unlicensed computer for up to four times, not exceeding 2 days per testing, in any given calendar year. The aforementioned right does not cover any other data recovery method - such as remote mirroring where the Oracle program binary files are copied or synchronized.

You are responsible for ensuring that the following restrictions are not violated:

- Oracle Database Standard Edition One can only be licensed on servers that have a maximum capacity of 4 sockets. Oracle Database Standard Edition, when used with Oracle Real Application Clusters, may only be licensed on a single cluster of servers supporting up to a maximum capacity of 4 sockets.
- Oracle Standard Edition One, Internet Application Server Standard Edition One and Portal Standard Edition One can only be licensed on servers that have a maximum capacity of 2 sockets.
- WebLogic Server Standard Edition does not include WebLogic Server Clustering.
- Business Intelligence Standard Edition One can only be licensed on servers that have the ability to run a maximum of 2 sockets. The data sources for BI Server and BI Publisher are limited to the included Oracle Standard Edition One, one other database, and any number of flat file sources such as CSV, and XLS. You may use Oracle Warehouse Builder Core ETL to pull data from any number of data sources but you must use only the included Oracle Standard Edition One as the target database.
- Informatica PowerCenter and PowerConnect Adapters may not be used on a standalone basis or as a standalone ETL tool. The Informatica PowerCenter and PowerConnect Adapters may be used with any data source provided the target(s) are: (i) the Oracle Business Intelligence applications programs (excluding Hyperion Enterprise Performance Management Applications), (ii) the underlying platforms on which the Oracle Business Intelligence Suite Enterprise Edition Plus program, Oracle Business Intelligence Standard Edition One or associated components of those Business Intelligence applications programs run, or (iii) a staging database for any of the foregoing. Informatica PowerCenter and PowerConnect Adapters may also be used where the Oracle Business Intelligence applications programs (excluding Hyperion Enterprise Performance Management Applications) are the source and non-Oracle Business Intelligence application programs are the target, provided, that users do not use Informatica PowerCenter and PowerConnect Adapters to transform the data.
- With respect to the Java SE Advanced and Java SE Suite programs, you may not create, modify, or change the behavior of, or authorize your users to create, modify, or change the behavior of, classes, interfaces, or subpackages that are in any way identified as "java", "javax" "sun" or "oracle" or any variation of the aforementioned naming conventions. The installation and auto-update processes for these programs transmit a limited amount of data to Oracle (or its service provider) about those specific processes to help Oracle understand and optimize them. Oracle does not associate the data with personally identifiable information. You can find more information about the data Oracle collects at http://oracle.com/contracts. Additional copyright notices and license terms applicable to portions of the programs are set forth at http://oracle.com/contracts.
- Programs that contain "for Oracle Applications" in the program name are limited use programs. These limited use programs may only be used with "eligible" Oracle application programs that contain the following prefixes in the program name: Oracle Fusion, Oracle Communications*, Oracle Docomaker, Oracle Endeca*, Oracle Knowledge, Oracle Media, Oracle Retail*, Oracle Enterprise Taxation*, Oracle Tax, Oracle Utilities*, Oracle Financial Services*, Oracle FLEXCUBE, Oracle Reveleus, Oracle Manias, Oracle Healthcare*, Oracle Health Sciences, Oracle Argus, Oracle Legal, Oracle Insurance and Oracle Primavera. For those prefixes designated above with a ** not all programs with that prefix are eligible for use with the "for Oracle Applications" limited use programs. For a list of excluded programs please review the Applications Licensing Table, which may be accessed at http://oracle.com/contracts. Notwithstanding anything above, Oracle Business Intelligence Suite Enterprise Edition Plus for Oracle Applications may only be used with "eligible" Oracle application programs that contain "Oracle Fusion Human Capital Management" as a prefix in the program name provided that the Oracle Fusion Human Capital Management programs are the only programs configured to run against the database instance Oracle Business Intelligence Foundation Suite for Oracle Applications may also be used with the Oracle Product Information Management Analytics, Fusion Edition, Oracle Customer Data Management Analytics, Fusion Edition and Oracle Product Lifecycle Analytics programs. Oracle Business Intelligence Foundation Suite for Oracle Applications may also be used with the following programs provided that the Oracle Fusion Applications are the only data source: Oracle Sales Analytics, Fusion Edition; Oracle Partner Analytics, Fusion Edition; Oracle Supply Chain and Order Management Analytics; Oracle Financial Analytics, Fusion Edition; Oracle Procurement and Spend Analytics, Fusion Edition;
Oracle Human Resources Analytics, Fusion Edition and Oracle Project Analytics. Any use of limited use programs containing "for Oracle Applications" by other Oracle applications or third party applications is not permitted.

- Oracle BPEL Process Manager Option for Oracle Applications may be used only to enable business processes, workflow interactions and approvals within eligible Oracle Applications. Workflow interactions between eligible Oracle Applications and, other Oracle Applications or third party applications are allowed as long as they are enabled/initiated within the eligible Oracle Applications. Business Processes defined in BPEL are allowed as long as at least one of the services invoked from within the Business Process access an eligible Oracle Application either natively (via Web Services) or via an adapter.

- Oracle Business Intelligence Foundation for Oracle Applications may be used only to perform query, reporting and analysis against a transaction database, data warehouse or an Essbase OLAP cube if: (i) the transaction database is an eligible Oracle Application transaction database itself or an extraction, in whole or in part, of an eligible Oracle Applications transaction database, without transformation (query, reporting and analysis against a transaction database that is not an eligible Oracle Applications transaction database requires a full use license of Oracle Business Intelligence Foundation Suite); or (ii) the data warehouse is a pre-packaged eligible Oracle Applications data warehouse, with any customizations necessary to reflect customizations made in the eligible Oracle Applications, and restricted only to the eligible Oracle Applications sources (query, reporting and analysis against extensions to the data warehouse drawn from source systems not supported by the pre-packaged data warehouses require a full use license of Oracle Business Intelligence Foundation Suite); or (iii) the dimensions of each Essbase OLAP Cube are sourced from eligible Oracle Applications.

- Oracle WebLogic Suite for Oracle Applications may be used only as an embedded runtime for eligible Oracle Applications or to deploy customizations to an eligible Oracle Application. The WebLogic global datasources or one of the WebLogic application datasources must be configured to access the schema of an eligible Oracle Application.

- Data Integrator Enterprise Edition for Oracle Applications may only be used with the Oracle supplied data integration jobs and customization of the supplied jobs is allowed. For the avoidance of doubt, examples of uses that are not permitted include, but are not limited to, the following: adding new jobs that support different applications, new schemas, or previously unsupported application modules.

- Oracle SOA Suite for Oracle Applications may be used only to enable integration, business processes, workflow interactions and approvals within eligible Oracle Applications. Workflow interactions between eligible Oracle Applications and other non-eligible Oracle Applications or third party applications are allowed as long as they are either initiated or terminated within eligible Oracle Applications. Usage of SOA composites (including but not limited to Rules, Mediator, XSLT transforms, BPEL processes, Spring components, Workflow services and OWSM security policies) is allowed as long as at least one of the services invoked from within each composite accesses an eligible Oracle Application either natively (via Web services) or via an adapter and the invocation is part of a flow that is either initiated or terminated within eligible Oracle Applications. Oracle Service Bus (OSB) usage is allowed as long as each service deployed accesses an eligible Oracle Application either natively (via Web services) or via an adapter.

- Oracle WebCenter Portal for Oracle Applications may be used only to surface eligible Oracle Application(s) and custom applications (collectively, "eligible applications"). Surfacing any third-party applications, including other applications from Oracle, requires a license for Oracle WebCenter Portal. Multiple eligible applications may be surfaced in a single portal instance provided that a WebCenter Portal for Oracle Applications license exists for each eligible application surfaced in the portal. WebCenter Portal for Oracle Applications may be used to integrate the various WebCenter services (e.g., wikis, blogs, and discussions) into an application context, as well as to build custom workflows and notifications between the eligible application and WebCenter Portal components. The content management features of the Oracle WebCenter Portal for Oracle Applications program may be used to store and manage documents created outside of the eligible application provided that such documents are related to the eligible application or to the application context.

- Oracle WebCenter Imaging for Oracle Applications may be used to create and modify imaging searches, to modify pre-packaged imaging application document types, and to create and modify input mappings to imaging applications. Oracle WebCenter Imaging for Oracle Applications may also be used to invoke web service application programming interfaces (APIs) from Oracle Application workflows. A license for WebCenter Imaging for Oracle Applications is required to define new document types for the management of images unrelated to a pre-packaged Oracle Applications integration, to develop custom workflows, and to invoke APIs from custom workflows or custom application integrations.

- Oracle Identity and Access Management Suite Plus for Oracle Applications may be used only to perform associated actions for users of and within the eligible Oracle Applications. The programs may be used to do the following: (1) add, delete, modify, and manage user identities and roles in the eligible Oracle Applications; (2) provide web access management and single sign-on into eligible Oracle Applications; (3) provide data storage or virtualization to data storage of user identities and user identity related information or authentication and authorization policies for eligible Oracle Applications; (4) provide federated single sign-on to eligible Oracle Applications.

- Oracle Coherence Enterprise Edition for Oracle Applications may only be used within the same Java Virtual Machine as the eligible Oracle Application components.

- Hyperion Data Integration Management, Hyperion Data Integration Management Team Based Development, and the Hyperion Data Integration Management Adapters for SAP BW, SAP R3, PeopleSoft and Siebel are licensed by Computer. Each Computer license is limited to support the use of up to 8 CPUs and each Computer license must be licensed in increments of 8 CPUs. Each core is recognized as a CPU. For computers that have more than 8 CPUs, additional Computer licenses must be purchased based upon the amount of CPUs that you are using. For example, if you are using Hyperion Data Integration Management on 12 CPUs, you need to purchase 2 Computer licenses; if you are using Hyperion Data Integration Management on 17 CPUs, you need to purchase 3 Computer licenses. These programs may be used solely in connection with moving data into and out of a Hyperion Data Store(s) (data/metadata repository(ies) delivered with the Hyperion programs). These programs may not be used to extract data from a non-Hyperion Data Store(s) to load a custom data warehouse (a data warehouse not built solely from data from a
Hyperion Data Store(s). The Hyperion Data Integration Management Computer license allows for such program to 1) connect to the following relational databases only: Oracle, Sybase, IBM DB2, MS SQL Server and 2) source from and write to an unlimited number of flat file/XML files. Hyperion Data Integration Management Adapters for SAP BW, SAP R3, PeopleSoft and Siebel must be licensed separately to allow Hyperion Data Integration Management to connect to these additional sources.

- The number of Hyperion program option licenses must match the number of licenses of the associated Hyperion program.
- The license for the Hyperion Planning Plus program includes a limited use license for the Hyperion Essbase Plus, Hyperion Financial Reporting and Hyperion Web Analysis programs. Such limited use license means that the Hyperion Essbase Plus, Hyperion Financial Reporting and Hyperion Web Analysis programs may only be used to access data from the Hyperion Planning Plus program. The Oracle Data Integrator - Target Database program may only be used to load data from any data source provided that the target database is the Hyperion Planning Plus program. Specifically, the Hyperion Essbase Plus program cannot be used to create Essbase cubes that do not contain data used by the Hyperion Planning Plus program and the Aggregate Storage option component of the Hyperion Essbase Plus program may not be used.
- The license for the Hyperion Profitability and Cost Management program includes a limited use license for the Hyperion Essbase Plus, Hyperion Financial Reporting, Hyperion Web Analysis and Oracle Data Integrator - Target Database programs. Such limited use license means that the Hyperion Essbase Plus, Hyperion Financial Reporting, Hyperion Web Analysis and Oracle Data Integrator - Target Database programs may only be used to access data from the Hyperion Profitability and Cost Management program. Specifically, the Hyperion Essbase Plus program cannot be used to create Essbase cubes that do not contain data used by the Hyperion Profitability and Cost Management program and the Aggregate Storage option component of the Hyperion Essbase Plus program may not be used.

*The Named User Plus Minimum does not apply if the program is installed on a one-processor machine that allows for a maximum of one user per program.

If licensing by Named User Plus, the number of licenses for the programs listed below in column A must match the number of licenses of the associated program listed in column B. In the case where the minimum number of Named User Plus licenses are/purchased, the number of licenses may not match due to variance in core factors between the time the respective programs were licensed. Third party technology will be licensed to you either under the terms of the agreement, or if specified in the program documentation, "readme" files, or the installation details, under separate license terms ("separate terms") and not under the terms of the agreement ("separately licensed third party technology"). Your rights to use such separately licensed third party technology under the separate terms are not restricted in any way by the agreement.
A. Agreement Definitions

"You" and "your" refers to the legal entity that has executed this agreement ("agreement") and ordered Oracle programs and/or hardware and/or services from DLT Solutions ("DLT"). The term "ancillary programs" refers to third party materials specified in the program documentation which may only be used for the purposes of installing or operating the programs with which the ancillary programs are delivered. The term "program documentation" refers to the program user manual and program installation manuals. The term "programs" refers to the software products owned by Oracle and distributed by DLT which you have ordered, program documentation, and any program updates acquired through technical support. The term "services" refers to technical support, education, hosted/outsourcing services, consulting or other services which you have ordered.

B. Applicability of Agreement

This agreement is valid for the order to which this agreement accompanies.

C. Rights Granted

Upon Oracle’s acceptance of DLT’s order, you have the non-transferable, non-assignable, royalty free perpetual (unless otherwise specified in your purchase order), limited right to use the programs and receive any services you ordered solely for your internal business operations and subject to the terms of this agreement, including the license definitions and rules set forth in the program documentation. You may allow your agents and contractors (including, without limitation, outsourcers) to use the programs for the purposes set forth in the end user license agreement, subject to the terms of such agreement, you are responsible for their compliance with this agreement in such use. For programs that are specifically designed to allow your customers and suppliers to interact with you in the furtherance of your internal business operations, such use shall be allowed under this agreement. Oracle’s license definitions and rules are hereby incorporated by reference into this agreement and will be provided in full text upon request for quotation.

Services are provided based on Oracle’s policies for the applicable services ordered, which are subject to change, and the specific policies applicable to you, and how to access them, will be specified on your order (Except technical support services which are as specified in section H of this agreement). Upon payment for services, you will have a perpetual, non-exclusive, non-assignable, royalty free license to use for your internal business operations anything developed by Oracle and delivered to you under this agreement; however, certain deliverables may be subject to additional license terms.

The services provided under this agreement may be related to your license to use programs which you acquire under a separate order. The agreement referenced in that order shall govern your use of such programs. Any services acquired from DLT or Oracle are bid separately from such program licenses, and you may acquire either services or such program licenses without acquiring the other.

Oracle is a third party beneficiary of this agreement.

D. Ownership and Restrictions

Oracle or its licensor retains all ownership in the intellectual property rights to the programs, hardware, operating system and integrated software. Furthermore, Oracle retains all ownership and intellectual property rights to anything developed by Oracle and delivered to you under this agreement resulting from the services. Use of the operating system delivered with the hardware is limited to the terms of the license delivered with the hardware and only as incorporated in, and as part, of the hardware. Use of the integrated software, which is defined as software embedded in the hardware that is essential to hardware functionality (e.g., firmware) is limited to your internal business operations subject to the terms of the end user

(Oracle-DLT FUDA PSA v080610) 112712
agreement and only as incorporated in, and as part, of the hardware.

Third party technology that may be appropriate or necessary for use with some Oracle programs and/or hardware is specified in the program documentation and/or hardware documentation and that such third party technology is licensed to you under the terms of the third party technology license agreement specified in the program documentation and/or hardware documentation and not under the terms of the end user agreement.

Hardware and integrated software are not specifically designed, manufactured, or intended for use as parts, components, or assemblies for the planning, construction, maintenance, or operation of a nuclear facility and prohibit use of the hardware and/or integrated software for these purposes.

Some programs may include source code that Oracle may provide as part of its standard shipment of such programs, which source code shall be governed by the terms of the end user agreement.

You may not:

- use of the programs for rental, timesharing, subscription service, hosting, or outsourcing;
- remove or modify any program or hardware markings or any notice of Oracle's or its licensors' proprietary rights;
- make the programs, operating system, integrated software available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific program license);
- transfer title to the programs, operating system and/or integrated software from you to any other party;
- reverse engineer (unless required by law for interoperability), disassemble or decompile the programs (the foregoing prohibition includes but is not limited to review of data structures or similar material produced by programs), operating system and/or integrated software and prohibit duplication of the programs, operating system and/or integrated software except for a sufficient number of copies for your licensed use and one copy of each program media.
- publish any results of benchmark tests run on the programs and/or hardware without the prior written consent of Oracle; and
- assign, give, or transfer the programs, operating system, integrated software and/or any services ordered or an interest in them to another individual or entity (in the event you grant a security interest in the programs, operating system, integrated software and/or any services, the secured party has no right to use or transfer the programs, operating system, integrated software and/or any services).

E. Warranties, Disclaimers and Exclusive Remedies
The provisions of this section do not apply to third party programs. Oracle warrants that a program licensed to you will operate in all material respects as described in the applicable program documentation for one year after delivery (i.e. via physical shipment or electronic download). You must notify Oracle of any program warranty deficiency within one year after delivery. Oracle also warrants that services ordered will be provided in a professional manner consistent with industry standards. You must notify Oracle of any services warranty deficiencies within 90 days from performance of the services described in your purchase order.

If you purchase Oracle hardware, the standard Oracle hardware warranty in effect at the time of purchase will apply. This warranty information is available at [http://www.oracle.com/support/policies.html](http://www.oracle.com/support/policies.html).

**ORACLE DOES NOT GUARANTEE THAT THE PROGRAMS WILL PERFORM ERROR-FREE OR UNINTERRUPTED OR THAT ORACLE WILL CORRECT ALL PROGRAM ERRORS.**

**FOR ANY BREACH OF THE ABOVE WARRANTIES, YOUR EXCLUSIVE REMEDY, AND ORACLE'S ENTIRE LIABILITY, SHALL BE: (A) THE CORRECTION OF PROGRAM ERRORS THAT CAUSE BREACH OF THE WARRANTY, OR IF ORACLE CANNOT SUBSTANTIALLY CORRECT SUCH BREACH IN A COMMERCIAL REASONABLE MANNER, YOU MAY END YOUR PROGRAM LICENSE AND RECOVER THE FEES PAID FOR THE PROGRAM LICENSE AND ANY UNUSED, PREPAID TECHNICAL SUPPORT FEES**
YOU HAVE PAID FOR THE PROGRAM LICENSE; OR (B) THE REPERFORMANCE OF THE
DEFICIENT SERVICES; OR IF ORACLE CANNOT SUBSTANTIALLY CORRECT A BREACH
IN A COMMERCIALLY REASONABLE MANNER, YOU MAY END THE RELEVANT
SERVICES AND RECOVER THE FEES PAID FOR THE DEFICIENT SERVICES.

TO THE EXTENT PERMITTED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND
THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS,
INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR
A PARTICULAR PURPOSE.

F. Trial Programs
You may order trial programs, or Oracle may include additional programs with your order which you may
use for trial, non-production purposes only. You may not use the trial programs to provide or attend third
party training on the content and/or functionality of the programs. You have 30 days from the delivery date
to evaluate these programs. If you decide to use any of these programs after the 30 day trial period, you
must obtain a license for such programs from Oracle or DLT. If you decide not to obtain a license for any
program after the 30 day trial period, you will cease using and will delete any such programs from your
computer systems. Programs licensed for trial purposes are provided “as is” and Oracle does not provide
technical support or offer any warranties for these programs.

G. Indemnification
If a third party makes a claim against either you or Oracle ("Recipient" which may refer to you or Oracle
depending upon which party received the Material), that any information, design, specification, instruction,
software, data, or material ("Material") furnished by either you or Oracle ("Provider" which may refer to
you or Oracle depending on which party provided the Material), and used by the Recipient infringes its
intellectual property rights, the Provider, at its sole cost and expense, will defend the Recipient against the
claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court
to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does
the following:
• notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of
  the claim (or sooner if required by applicable law);
• gives the Provider sole control of the defense and any settlement negotiations; and
• gives the Provider the information, authority, and assistance the Provider needs to defend against or
  settle the claim.

If the Provider believes or it is determined that any of the Material may have violated a third party’s
intellectual property rights, the Provider may choose to either modify the Material to be non-infringing
(with substantial preserving its utility or functionality) or obtain a license to allow for continued use, or
if these alternatives are not commercially reasonable, the Provider may end the license for, and require
return of, the applicable Material and refund any fees the Recipient may have paid to the other party for it
and any unused, prepaid technical support fees you have paid to Oracle for the license. If you are the
Provider and such return materially affects Oracle’s ability to meet its obligations under the relevant order,
then Oracle may, at its option and upon 30 days prior written notice, terminate the order. The Provider will
not indemnify the Recipient if the Recipient alters the Material or uses it outside the scope of use identified
in the Provider’s user documentation or if the Recipient uses a version of the Materials which has been
superseded, if the infringement claim could have been avoided by using an unaltered current version of the
Material which was provided to the Recipient. The Provider will not indemnify the Recipient to the extent
that an infringement claim is based upon any information, design, specification, instruction, software, data,
or material not furnished by the Provider. Oracle will not indemnify you to the extent that an infringement
claim is based upon the combination of any Material with any products or services not provided by Oracle.
Oracle will not indemnify you for infringement caused by your actions against any third party if the Oracle
program(s) as delivered to you and used in accordance with the terms of this agreement would not
otherwise infringe any third party intellectual property rights. Oracle will not indemnify you for any
infringement claim that is based on: (1) a patent that you were made aware of prior to the effective date of
this agreement (pursuant to a claim, demand, or notice); or (2) your actions prior to the effective date of this
agreement. This section provides the parties’ exclusive remedy for any infringement claims or damages.
H. Technical Support

For purposes of this agreement, technical support consists of annual technical support services you may have ordered for the programs. If ordered, annual technical support (including first year and all subsequent years) is provided under Oracle's technical support policies in effect at the time the services are provided. Oracle's technical support policies are hereby incorporated by reference into this agreement, and are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of services provided for supported programs during the period for which fees for technical support have been paid. You should review the policies prior to entering into your purchase order for the applicable services. You may access the current version of the technical support policies at http://oracle.com/contracts. If you decide to not purchase technical support at the time of the license and/or hardware purchase then you will be required to pay reinstatement fees to DLT or Oracle in accordance with Oracle's current technical support policies if you decide to purchase support at a later date.

Technical support is effective upon the effective date of the order to which this agreement accompanies otherwise stated in your order.

Software Update License & Support (or any successor technical support offering to Software Update License & Support, "SULS") acquired with your order may be renewed annually and, if you renew SULS for the same number of licenses for the same programs, for the first and second renewal years the fee for SULS will not increase by more than 4% over the prior year's fees.

If you decide to purchase technical support for any license within a license set, you are required to purchase technical support at the same level for all licenses within that license set. You may desupport a subset of licenses in a license set only if you agree to terminate that subset of licenses. The technical support fees for the remaining licenses will be priced in accordance with the technical support policies in effect at the time of termination. Oracle's license set definition is available in the current technical support policies. If you decide not to purchase technical support, you may not update any unsupported program licenses with new versions of the program.

I. End of Agreement

Termination for Cause and Termination Pursuant to Section G: If either of us breaches a material term of this agreement and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default and the non-breaching party may terminate this agreement. If DLT ends this agreement as specified in the preceding sentence, you must pay within 30 days all amounts which have accrued prior to such end, as well as all sums remaining unpaid for programs ordered and/or services received under this agreement plus related taxes and expenses, if any. If DLT ends the license for a program under Section G (Indemnification), you must pay within 30 days all amounts remaining unpaid for services related to such license plus related taxes and expenses. Except for nonpayment of fees, the non-breaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach. You agree that if you are in default under this agreement, you may not use those programs and/or services ordered. You further agree that if you have used a third party financing entity to pay for the fees due under an order and you are in default under that contract, you may not use the programs and/or services that are subject to such contract. Provisions that survive termination or expiration are those relating to limitation of liability, infringement indemnity, payment and others which by their nature are intended to survive.

Termination for Convenience: You may terminate this agreement at any time without cause by giving DLT 30 days prior written notice of such termination. If you end this agreement as specified in the preceding sentence, you agree that (i) you must pay within 30 days all amounts which have accrued prior to the end of this agreement, as well as all sums remaining unpaid for programs ordered and services received under this agreement plus applicable related taxes and expenses (if any), (ii) you may not use any programs or services ordered as of the effective date of such termination, and (iii) all program licenses acquired under this agreement shall be terminated as of the effective date of such termination.
Notwithstanding the provisions above, upon termination of the agreement, you will discontinue use and
destroy or return to Oracle all copies of the program and documentation.

J. Fees and Taxes

All fees payable to DLT are due within 30 days from the invoice date. You agree to pay any sales, value-
added or other similar taxes imposed by applicable law that DLT must pay based on the programs and/or
services you ordered, except for taxes based on DLT’s income. Also, you will reimburse DLT for
reasonable expenses related to providing the services. Fees for services listed in an order are exclusive of
taxes and expenses. If you decide to finance your acquisition of the programs, operating system, integrated
software and/or any services, you must follow Oracle’s policies regarding financing which are available at
http://oracle.com/contracts.

You agree that you have not relied on the future availability of any programs or updates in entering into the
payment obligations in your purchase order; however, (a) if you order technical support from DLT for the
programs, the preceding sentence does not relieve Oracle of its obligation to provide updates under such
order, if-and-when available, in accordance with Oracle’s then current technical support policies, and (b)
the preceding sentence does not change the rights granted to you for any program licensed under the end
user agreement, per the terms of such end user agreement.

K. Nondisclosure

By virtue of this agreement, the parties may have access to information that is confidential to one another
(“confidential information”). We each agree to disclose only information that is required for the
performance of obligations under this agreement. Confidential information shall be limited to the terms and
pricing under this agreement and all information clearly identified as confidential at the time of disclosure.

A party’s confidential information shall not include information that: (a) is or becomes a part of the public
domain through no act or omission of the other party; (b) was in the other party’s lawful possession prior to
the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing
party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d)
is independently developed by the other party.

Subject to state or local disclosure laws and/or regulations, each agree to hold each other’s confidential
information in confidence for a period of three years from the date of disclosure. Also, we each agree to
disclose confidential information only to those employees or agents who are required to protect it against
unauthorized disclosure. Nothing shall prevent either party from disclosing the terms or pricing under this
agreement or orders submitted under this agreement in any legal proceeding arising from or in connection
with this agreement or disclosing the confidential information to a federal or state governmental entity as
required by law. In the event that you receive a valid request for DLT’s confidential information pursuant
to FOIA, you agree that you will provide DLT with reasonable notice of such request and give DLT an
opportunity to object to or limit any such disclosure.

L. Entire Agreement

You agree that this agreement and the information which is incorporated into this agreement by written
reference (including reference to information contained in a URL or referenced policy), together with the
applicable ordering document, are the complete agreement for the programs and/or services ordered by
you, and that this agreement supersedes all prior or contemporaneous agreements or representations,
written or oral, regarding such programs and/or services. If any term of this agreement is found to be
invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced
with a term consistent with the purpose and intent of this agreement.

It is expressly agreed that the terms of this agreement and any Oracle ordering document shall supersede
the terms in any purchase order or other non-Oracle document and no terms included in any such purchase
order or other non-Oracle document shall apply to the programs and/or services ordered.

M. Limitation of Liability

TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW, NEITHER PARTY SHALL BE
LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL
DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE ARISING FROM
THE USE OF THE PROGRAMS. TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW, ORACLE SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE ARISING FROM THE USE OF THE PROGRAMS. DLT'S AND ORACLE'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR YOUR ORDER, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAY DLT UNDER THIS AGREEMENT, AND IF SUCH DAMAGES RESULT FROM YOUR USE OF PROGRAMS OR SERVICES, SUCH LIABILITY SHALL BE LIMITED TO THE FEES YOU PAID DLT FOR THE DEFICIENT PROGRAM OR SERVICES GIVING RISE TO THE LIABILITY.

N. Export
Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the programs. You must comply fully with all relevant export laws and regulations of the United States and other applicable export and import laws to assure that neither the programs, the hardware nor any direct product thereof, are exported, directly or indirectly, in violation of applicable laws.

O. Other
1. If you have a dispute with DLT or wish to provide a notice you may notify DLT via written notice to: DLT Solutions, 13861 Sunrise Valley Dr., Suite 400, Herndon, VA 20171 Attention: Contracts Manager, Enterprise Applications.

2. If you have a dispute with Oracle or if you wish to provide a notice under the Indemnification section of this agreement, or if you become subject to insolvency or other similar legal proceedings, you will promptly send written notice to: Oracle America, Inc., 500 Oracle Parkway, Redwood City, California, United States, 94065, Attention: General Counsel, Legal Department.

3. Except for actions for nonpayment or breach of Oracle’s proprietary rights, no action, regardless of form, arising out of or relating to this agreement may be brought by either party more than two years after the cause of action has accrued.

4. Upon 45 days written notice, DLT (or Oracle upon assignment) may audit your use of the programs. You agree to cooperate with Oracle’s audit and provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with your normal business operations. You agree to pay within 30 days of written notification any fees applicable to your use of the programs in excess of your license rights. If you do not pay, Oracle can end your technical support, licenses and/or this agreement. You agree that Oracle shall not be responsible for any of your costs incurred in cooperating with the audit.

5. Any third party firms retained by you to provide computer consulting services are independent of DLT or Oracle and are not DLT’s or Oracle’s agents. Neither DLT nor Oracle are liable for nor bound by any acts of any such third party firm.

6. The Uniform Computer Information Transactions Act does not apply to this agreement or orders placed under it.

P. Force Majeure
Neither of us shall be responsible for failure or delay of performance if caused by: an act of war, hostility, or sabotage; act of God; electrical, internet, or telecommunication outage that is not caused by the obligated party; government restrictions (including the denial or cancellation of any export or other license); other event outside the reasonable control of the obligated party. We both will use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 90 days, either of us may cancel unperformed services upon written notice. This section does not excuse either party’s obligation to take reasonable steps to follow its normal disaster recovery procedures or your obligation to pay for programs delivered or services provided.

E. You shall obtain at your sole expense any and all rights (including license rights) and consents from third parties necessary for Oracle and its subcontractors to access Third Party Software and/or perform the services under the order. Unless specified otherwise in the Statement of Work, you are solely responsible for the performance of, any testing of, and resolving any issues related to, Third Party Software, and any other software transitioned into your Environment(s) without Oracle’s prior consent, as well as the impact that such Third Party Software and such other software may have on the OMCS.

F. To the extent not prohibited by law, you shall defend and indemnify Oracle against liability arising under any applicable laws, ordinances or regulations from your termination or modification of the employment of any of your employees in connection with any services under the order.

G. For any services that involve on-site delivery, Oracle will deliver such services to the customer address(es) specified in the order during local business hours, excluding local public holidays. You and Oracle may mutually agree in writing that such services be delivered at other location(s). You agree to use reasonable efforts to schedule on-site services by each on-site OMCS resource for a minimum of eight (8) continuous hours of services per day. You agree to provide on-site OMCS resources
with access to office accommodations and facilities. As required by U.S. Department of Labor regulations (20 CFR 655.734), you will allow Oracle to post a notice regarding Oracle H1-B employee(s) at your work site prior to the employee's arrival on site.

H. Notwithstanding anything to the contrary in the contract, you may not assign the order or give or transfer the OMCS, or an interest in them, to another individual or entity. If you grant a security interest in any of the OMCS, the secured party has no right to use or transfer those services, and if you decide to finance your acquisition of any of the OMCS from Oracle, you will follow Oracle's policies regarding financing which are at http://www.oracle.com/contracts.

I. You shall not use or permit use of the services, including by uploading, emailing, posting, publishing or otherwise transmitting any material, for any purpose that may (a) menace or harass any person or cause damage or injury to any person or property, (b) involve the publication of any material that is false, defamatory, harassing or obscene, (c) violate privacy rights or promote bigotry, racism, hatred or harm, (d) constitute unsolicited bulk e-mail, "junk mail", "spam" or chain letters; (e) constitute an infringement of intellectual property or other proprietary rights, or (f) otherwise violate applicable laws, ordinances or regulations. In addition to any other rights afforded to Oracle under the contract and the order. Oracle reserves the right to remove or disable access to any material that violates the foregoing restrictions. Oracle shall have no liability to you in the event that Oracle takes such action. You agree to defend and indemnify Oracle against any claim arising out of a violation of your obligations under this paragraph to the extent not prohibited by law.

7. Term.
Core Services shall be provided for one year beginning on the effective date of the order, unless earlier terminated in accordance with the order. The duration of Service Options is specified in the order.

The Core Services and Service Options acquired under the order may be renewed on an annual basis, and the annual services fees for such renewal are stated in the order.

The initial one-year term of the Core Services and any renewal years are collectively defined as the "services term."

8. Termination.
If ordering Computer and Administration Services, you may terminate the order (and all services hereunder) (and all services hereunder) for convenience by: (i) providing forty-five (45) calendar days prior written notice to the Contractor and to Oracle, and (ii) paying for all services performed though the effective date of termination. The termination shall be effective on the requested termination date, provided that you have paid the fees for all services performed through the effective date of termination by such date.

If a party breaches a material term of the order and fails to correct the breach within thirty (30) days of written specification of the breach, then the non-breaching party may terminate the order (and all services thereunder) upon written notice to the other party.

The OMCS may be suspended immediately if (i) your licenses and/or technical support for the Oracle programs specified in the order lapse, (ii) you violate a restriction set forth in Section 6 of these Public Sector Supplemental Terms, (iii) in Oracle's reasonable judgment, the services or any component thereof are about to suffer a significant threat to security or functionality; or (iv) your Environment(s) malfunctions or otherwise affects network access within or to Oracle's Data Center(s) or another customer's environment. You will be provided advance notice regarding any such suspension when, in Oracle's
sole discretion, reasonable based on the nature of the circumstances. Oracle will use reasonable efforts to re-establish the affected OMCS promptly after Oracle determines, in its reasonable discretion, that the situation giving rise to the suspension has been cured. The order and the OMCS thereunder may be terminated if any of the foregoing is not cured within thirty days after Oracle's initial notice thereof. Any suspension of the services under this paragraph shall not excuse you from your obligation to make payments under the order.

Following termination of Computer and Administration Services, (i) your right to access and use the Oracle programs specified in the order within the Environment(s) shall terminate; and (ii) you may otherwise use such programs subject to the terms of the agreements and applicable ordering document under which such program licenses were acquired.

Within seven (7) calendar days after the end of the services term for Computer and Administrative Services, you shall receive a final Decommission Tape containing your data.

9. Warranty and Disclaimers.
The sole and exclusive warranty for services provided to you is that Oracle warrants that the services will be provided in all material respects in accordance with the OMCS specifications set forth in the Schedules under the Statement of Work defined in the order. TO THE EXTENT NOT PROHIBITED BY LAW, THIS WARRANTY IS EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING FOR HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS, INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, AND FITNESS FOR A PARTICULAR PURPOSE.

ORACLE DOES NOT WARRANT THAT SERVICES WILL BE PROVIDED UNINTERRUPTED OR ERROR-FREE.

10. Exclusive Remedy.
If the services provided to you for any given month during the services term were not in accordance with the warranty specified in these Public Sector Supplemental Terms, you must provide written notice to Oracle no later than five (5) business days after the last day of that particular month. Your notice must contain a description of the deficiency in services (including the Service Request number notifying Oracle of the deficiency in service) and must be submitted to outsourcingcredit ww@oracle.com. If applicable, Oracle will remit a services fee credit for such month calculated at 10% of net monthly Core Services fees for Oracle’s failure to provide the services as warranted. The credit will be in the form of a credit towards any outstanding balance for OMCS owed to Oracle, and the remittance of such credit WILL REPRESENT YOUR EXCLUSIVE REMEDY, AND ORACLE’S SOLE LIABILITY, FOR ALL BREACHES OF ANY WARRANTY SPECIFIED IN THESE PUBLIC SECTOR SUPPLEMENTAL TERMS AND THE CONTRACT.

In performing the services, Oracle will comply with the Oracle Services Privacy Policy, which is available at http://www.oracle.com/html/services-privacy-policy.html and incorporated herein by reference. Oracle and your respective responsibilities for maintaining the privacy and security of your production data in connection with Oracle's OMCS are described in the Oracle Managed Cloud Services Security Practices Schedule included within the Statement of Work. The Oracle Services Privacy Policy, incorporated herein, is subject to change at Oracle's discretion; however, Oracle changes to the policy

Oracle Public Sector Supplemental Terms and Conditions V071812_OMCS
will not result in a material reduction in the level of protection provided for your data during the services term.

You may purchase, or may be required to purchase, additional services from OMCS (e.g., Oracle Payment Card Industry Compliance Services, Oracle HIPAA Security Services, etc.) to address particular data protection requirements applicable to your business.

Oracle subscribes to the United States/European Union Safe Harbor Principles, and, as a result, appears on the U.S. Department of Commerce Safe Harbor list (available at http://www.export.gov/safeguard) as of the effective date of the order. Oracle's Safe Harbor certification specifically includes Oracle's performance of hosting services for customer-provided personal information.

Any data provided by you that resides in your OMCS Environment(s) shall be your confidential information. You agree to provide any notices and obtain any consents related to your use of the services and Oracle's provision of the services, including those related to the collection, use, processing, transfer and disclosure of personal information. You shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness and ownership of all of your data.

12. Intellectual Property Indemnification

If someone makes a claim against you or Oracle ("Recipient" which may refer to you or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, data, or material ("Material") furnished by either you or Oracle ("Provider" which may refer to you or Oracle depending upon which party provided the Material), and used by the Recipient infringes its intellectual property rights (including U.S. or foreign patent, trademark and copyright), the Provider will indemnify the Recipient against the claim to the extent permitted by law if the Recipient does the following:

- notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim;
- gives the Provider control of the defense, with input from Recipient, and any settlement negotiations; and
- gives the Provider the information, authority, and assistance the Provider needs to defend against or settle the claim.

If the Provider believes or it is determined that any of the Material may have violated someone else's Intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material. If you are the Provider and such return materially affects Oracle's ability to meet its obligations under the relevant order (e.g., impairs Oracle's ability to perform due to a work statement, schedule or cost impact), then Oracle may, at its option and upon 30 days prior written notice, request termination of the order. The Provider will not indemnify the Recipient if the Recipient alters the Material or uses it outside the scope of use identified in the Provider's user documentation or if the Recipient uses a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the Recipient. The Provider will not indemnify the Recipient to the extent that an Infringement claim is based upon any information, design, specification, instruction, software, data, or material not furnished by the Provider. Oracle will not indemnify you to the extent that an infringement claim is based upon the combination of any Material with any products or services not provided by Oracle. Oracle will not indemnify you for infringement caused by your actions against any third party if the Oracle program(s) as delivered to you and
used in accordance with the terms of this agreement would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify you for any infringement claim that is based on: (1) a patent that you were made aware of prior to the effective date of this agreement (pursuant to a claim, demand, or notice); or (2) your actions prior to the effective date of this agreement.

13. Service Monitoring and Verification.
You acknowledge that Oracle may access your OMCS Environment(s) during the services term to perform the services. Oracle may use tools, scripts, software, and utilities (collectively, the “Tools”) to review and administer your Environment(s) (e.g., to perform environment clones, password changes, monitoring and file system maintenance), and to help resolve your Oracle Service Requests. The Tools will not collect, report or store any production data residing in your Environment(s), except as necessary to troubleshoot Service Requests or other Problems in your Environment(s). Data collected by the Tools (excluding production data) may also be used to assist in managing Oracle’s product and service portfolio and for license management. You agree that (a) except as set forth in this paragraph, you may not access or use the Tools, and (b) you will not use or restore the Tools from any tape backup at any time following termination of the order. Any Tools provided by Oracle as part of the services for your use are provided on an ‘as is’ basis; Oracle does not provide technical support or offer any warranties for such Tools.

Oracle may compile aggregated statistical and performance information related to the provision of services, and may make such information publicly available. Such information does not incorporate your personally identifiable information or data and/or identify your confidential information. Oracle retains all intellectual property rights in such information.

Unless otherwise agreed in an order, upon 45 days written notice, and no more than once annually, Oracle may audit your use of the services. You agree to cooperate with Oracle's audit, provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with your normal business operations. Oracle shall not be responsible for any of your costs incurred in cooperating with the audit. Oracle shall comply with reasonable security and safety rules, policies, and procedures ("security rules") while performing any such audit, provided that such security rules are applicable to the performance of the audit; you make such security rules available to Oracle prior to the commencement of the audit; and such security rules do not modify or amend the terms and conditions of the contract, these Public Sector Supplemental Terms or the applicable order. You shall be responsible for paying any underpaid fees related to use of the services.

Oracle shall not be obligated to perform tasks related to changes in time, scope, cost, or contractual obligations until Oracle agrees in writing to the proposed change.

15. Force Majeure.
Neither you, Contractor, nor Oracle shall be responsible for failure or delay of performance if caused by: an act of war, hostility, terrorism or sabotage; act of God; pandemic; electrical, internet, or telecommunication outage that is not caused by the obligated party; government restrictions (including the denial or cancellation of any export or other license); or other event outside the reasonable control of the obligated party. All parties agree to use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 30 days, you will terminate for convenience the contract unless the parties otherwise agree in writing. This Section does not excuse either party of its obligations to take reasonable steps to follow applicable disaster recovery procedures or your obligation to pay for the services.
Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the services and any service deliverables. You agree that such export control laws govern your use of the services and any service deliverables (including technical data) provided under the order, and you agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, software programs and/or materials related to or resulting from services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

17. Relationship Between Parties.
Oracle is an independent contractor and no partnership, joint venture, or agency relationship exists between you and Oracle or between Contractor and Oracle. Each party will be responsible for paying our own employees, including employment related taxes and insurance. If while performing services Oracle requires access to other vendors’ products that are part of your system, you will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on your behalf.

18. Other.
If any provision herein or document incorporated by reference into these Public Sector Supplemental Terms contains a provision (a) allowing for the automatic termination of your services; (b) allowing for the automatic renewal of services and/or fees; (c) requiring the governing law to be anything other than Federal law; and/or (d) specifying the jurisdiction and venue of any action, then, such terms shall not apply with respect to you. If any document incorporated by reference into these Public Sector Supplemental Terms, contains an indemnification provision, such indemnification provision only apply to the extent not prohibited by law.
This Manufacturer’s Statement of Terms (the “Statement”) is provided by Oracle Corporation, including its subsidiaries (“Oracle”). This statement applies to the Oracle products and services you have ordered from an Oracle authorized reseller.

1. Hardware
   a. Your hardware order consists of the following items: operating system (as defined in your configuration), integrated software and all hardware equipment (including components, options and spare parts) specified in the applicable order. The term “hardware” is defined as the hardware equipment, including components, options and spare parts. The term “integrated software” is defined as software embedded in the hardware which is essential to hardware functionality (e.g., firmware).
   b. You have the right to use the operating system delivered with the hardware subject to the terms of the license agreement(s) delivered with the hardware. Current versions of the license agreements are located at http://oracle.com/license. You are licensed to use the operating system and any operating system updates acquired through technical support only as incorporated in, and as part of the hardware.
   c. You have the limited, non-exclusive, royalty free, non-assignable right to use integrated software delivered with the hardware subject to the terms of the applicable documentation. You are licensed to use such integrated software and any integrated software updates acquired through technical support only as incorporated in, and as part of the hardware.
   d. The operating system and/or integrated software may include separate works, identified in a readme file, notice file or the applicable documentation, which are licensed under open source or similar license terms; your rights to use the operating system and integrated software under such terms are not restricted in any way by this statement. The appropriate terms associated with such separate works can be found in the readme files, notice files, or in the documentation accompanying the operating system and integrated software.
      For GPLv2, LGPLv2.1, GPLv3 and LGPLv3 licensed code received by you as binaries on physical media, if you would like to receive a copy of the source code (“source code”) on media via postal service, submit your written request at <http://oss.oracle.com/systems-opensourcecode>. Alternatively, you can mail your written request to Oracle Corporation, Attn: VP of Legal, Development and Engineering, 500 Oracle Parkway, MS:50P10, Redwood Shores, CA 94065. Your request should include the name and version number of the product, your name, your company name (if applicable), your return mailing address, and your email address. Certain source distributions require a fee for physical media. Should this be the case, you will be sent details on the cost and payment procedure via email. Your request must be sent within three (3) years of the date of our last delivery of the applicable product. This offer only applies if you received your operating system and/or integrated software on physical media.
   e. You may only make copies of the operating system and integrated software for archival purposes, to replace a defective copy, or for program verification. You shall not remove any copyright notices or labels on the operating system or integrated software. You shall not decompile or reverse engineer the operating system or integrated software.
   f. Oracle may include additional programs on the hardware (e.g., Exadata Storage Server software). You are not authorized to use those programs unless you have a license specifically granting you the right to do so. If you would like a 30 day trial license to use such programs contact Oracle or an Oracle authorized reseller.
   g. You acknowledge that to operate certain hardware your facility must meet a minimum set of requirements as described in the hardware documentation. Such requirements may change from time to time, as communicated by Oracle to you in the applicable hardware documentation.

2. Warranty
   a. Oracle provides a limited warranty (“Oracle Hardware Warranty”) for (i) the hardware, (ii) the operating system and the integrated software, and (iii) the operating system media and the integrated software media (collectively, “media”). Oracle warrants that the hardware will be free from, and using the operating system and integrated software will not cause in the hardware, material defects in materials and workmanship for one year from the date the hardware is delivered to the delivery location. Oracle warrants that the media will be free from material defects in materials and workmanship for a period of 90 days from the date the media is delivered to the delivery location. You may access a more detailed description of the Oracle Hardware Warranty at http://www.oracle.com/us/support/policies/index.html (“the warranty web page”). Any changes to the Oracle Hardware Warranty specified on the warranty web page will not apply to hardware or media ordered prior to such change. The Oracle Hardware Warranty applies only to hardware and media that have been (1) manufactured by or for Oracle, and (2) sold by Oracle (either directly or by an Oracle-authorized distributor). The hardware may be new or like new. The Oracle Hardware Warranty applies to hardware that is new and hardware that is like-new which has been remanufactured and certified for warranty by Oracle.
TECHNICAL SUPPORT FEES YOU HAVE PAID FOR THE DEFECTIVE PRODUCT, TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS WITH RESPECT TO THE ABOVE ITEMS, INCLUDING ANY WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

c. Replacement units for defective parts or components replaced under the Oracle Hardware Warranty may be new or like new quality. Such replacement units assume the warranty status of the hardware into which they are installed and have no separate or independent warranty of any kind. Title in all defective parts or components shall transfer back to Oracle upon removal from the hardware.

d. ORACLE DOES NOT WARRANT UNINTERRUPTED OR ERROR-FREE OPERATION OF THE HARDWARE, OPERATING SYSTEM, INTEGRATED SOFTWARE OR MEDIA.

e. No warranty will apply to any hardware, operating system, integrated software or media which has been:
   (i) modified, altered or adapted without Oracle's written consent (including modification or removal of the Oracle/Sun serial number tag on the hardware);
   (ii) malused or used in a manner other than in accordance with the relevant documentation;
   (iii) repaired by any third party in a manner which fails to meet Oracle's quality standards;
   (iv) improperly installed by any party other than Oracle or an authorized Oracle certified installation partner;

   (vi) relocated, to the extent that problems are attributable to such relocation;
   (vii) used directly or indirectly in supporting activities prohibited by U.S. or other national export regulations;
   (viii) used by parties appearing on the most current U.S. export exclusion list;
   (ix) relocated to countries subject to U.S. trade embargo or restrictions;
   (x) used remotely to facilitate any activities in the countries referenced in (ix) above; or
   (x). purchased from any entity other than Oracle or an Oracle authorized distributor.

f. The Oracle Hardware Warranty does not apply to normal wear of the hardware or media. The Oracle Hardware Warranty is extended only to the original purchaser or original lessee of the hardware and may be void in the event that title to the hardware is transferred to a third party.

3. Oracle Hardware and Systems Support

If ordered, Oracle Hardware and Systems Support (including first year and all subsequent years) is provided under Oracle’s Hardware and Systems Support Policies in effect at the time the services are provided. You agree to cooperate with Oracle and provide the access, resources, materials, personnel, information, and consents that Oracle may require in order to perform the services. The Oracle Hardware and System Support Policies, incorporated herein, are subject to change at Oracle's discretion; however, Oracle will not materially reduce the level of services provided during the period for which fees for Oracle Hardware and Systems Support have been paid. You should review the policies prior to entering into an order. You may access the current version of the Oracle Hardware and System Support Policies at [http://www.oracle.com/us/support/policies/index.htm](http://www.oracle.com/us/support/policies/index.htm).

Oracle warrants that services will be provided in a professional manner consistent with industry standards. You must notify Oracle of any services warranty deficiencies within 90 days from performance of the deficient services. FOR ANY BREACH OF THIS WARRANTY, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE REPERFORMANCE OF THE DEFICIENT SERVICES; OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT A BREACH IN A COMMERCIALLY REASONABLE MANNER, YOU MAY END THE RELEVANT SERVICES AND RECOVER THE FEES YOU PAID TO ORACLE FOR THE DEFICIENT SERVICES.

NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE. ORACLE'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THE ORACLE HARDWARE AND SYSTEMS SUPPORT WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID ORACLE FOR THE ORACLE HARDWARE AND SYSTEMS SUPPORT SERVICE GIVING RISE TO THE LIABILITY.

4. Export

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the programs and hardware (including any integrated software and operating system(s)). You agree that such export laws govern your use of the programs (including technical data), hardware (including any integrated software and operating system(s)) and any services deliverables provided under this agreement, and you agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, program, hardware (including any integrated software and operating system(s)) and/or materials resulting from services (or direct product therefrom) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology. You shall include the following notice on packing lists, commercial invoices, shipping documents and other documents involved in the transfer, export or re-export of the programs and hardware (including any integrated software and operating system(s)): 'These commodities, technology, software or hardware (including any integrated software and operating system(s)) were exported in accordance with the U.S. Export Administration Regulations and applicable export laws. Diversion contrary to applicable export laws is prohibited.'
