PERTAINING TO THE USE OF CONTRACT(S) BY MEMBERS OF THE METROPOLITAN
WASHINGTON COUNCIL OF GOVERNMENTS PURCHASING OFFICERS' COMMITTEE

A. If authorized by the bidder(s), resultant contract(s) will be
extended to any or all of the listed members as designated by the bidder
for purchase at contract prices in accordance with contract terms.

B. Any member utilizing such contract(s) will place its own order(s)
directly with the successful contractor. There shall be no obligation on
the part of any participating member to utilize the contract(s).

C. A negative reply will not adversely affect consideration of a
bidder's bid/proposal.

D. It is the awarded vendor's responsibility to notify the members
shown below of the availability of the Contract(s).

E. Each participating jurisdiction has the option of executing a
separate contract with the awardee. Contracts entered into with a
participating jurisdiction may contain general terms and conditions
unique to that jurisdiction including, by way of illustration and not
limitation, clauses covering minority participation, non-discrimination,
indemnification, naming the jurisdiction as an additional insured under
any required Comprehensive General Liability policies, and venue. If,
when preparing such a contract, the general terms and conditions of a
jurisdiction are unacceptable to the awardee, the awardee may withdraw
its extension of the award to that jurisdiction.

F. The issuing jurisdiction shall not be held liable for any costs
or damages incurred by another jurisdiction as a result of any award
extended to that jurisdiction by the awardee.

The primary users of the contract will be the Police Department (ACP) and the Sheriff’s Office (ACSO).

A. MANDATORY REQUIREMENTS

THE FOLLOWING REQUIREMENTS ARE MANDATORY.

1. Body armor shall have been tested by a National Institute of Justice (NIJ) certified independent testing laboratory, as part of the Technology Assessment Program Information Center (TAPIC) body armor compliance testing program, and found to fully comply with the requirements of the NIJ Standard in effect at the time of order. The current NIJ Standard is -0101.06 (2012).

2. The Contractor shall guarantee the fit of body armor and be able to provide alteration services.

3. The Contractor shall be able to deliver body armor within thirty (30) days after receipt of order (ARO).

B. BALLISTIC UNDERGARMENT (ARMOR) "THREAT LEVEL IIIA" SPECIFICATIONS

1. Delivered armor must meet or exceed the minimum performance requirements for "Threat level IIIA" type armor with Special Threat Certification with laboratory certification as specified in the NIJ Standard in effect at the time of order. All armor supplied to the County must be listed on the current Compliant Products List (CPL). Any change will be immediately communicated to the County ordering agency.

2. Armor shall be labeled in accordance with the requirements of the NIJ standard in effect at the time of order, clearly identifying the exact manufacturer and model. The manufacturer shall include the date of manufacture, the officer’s name, and space to identify the date of issue. Labels shall remain readable throughout the warranty period.

3. Armor shall be designed to be concealable under a standard police uniform shirt and provide full torso coverage, with front to back side overlap of ballistic panels. The side overlap shall be a minimum of two inches (2")

4. Armor shall be custom made with a precision fit for each officer. In addition to recording the wearer’s height and weight, the Contractor shall take a minimum of nine (9) primary measurements regardless of officers gender, two (2) additional measurements for female officers should include bra and cup size (See Selection & Application Guide to Ballistic Body Armor. For further information, refer to the NIJ website at: www.nij.gov).

5. Female officers shall be provided the option of getting either a male model or a bust formed female model. Female body armor shall contain one-piece ballistics with no cutting.

6. Armor shall provide adjustment for the chest, waist and shoulders which allows relief under arms, neck, and shoulder necessary to prevent chafing of the wearer. The front and rear ballistic panels shall cover the shoulder/trapezius area,
overlapping by two inches (2") at the top of the shoulder. There shall be straps on each side of the body armor to adhere to the Velcro strips on the front of the body armor cover.

7. Armor shall be designed in such a manner as to prevent it from "riding up" on the wearer during normal duty activities. Tuck panels on the front and back body armor covers in order to secure the body armor inside the uniform pants may be included.

8. Armor shall incorporate two (2) custom-made carriers for the ballistic elements that are navy blue, black, or white in color at the user's option. The color shall be permanent and not "bleed" onto other garments.

9. The Contractor shall provide, at the request of the Department, a tactical carrier for the ballistic elements that are navy blue, black, or OD Green in color at the user's option. The color shall be permanent and shall not "bleed" onto other garments. The carrier shall have Velcro across the back and chest with attachable "POLICE" or "SHERIFF" placard. There will be a four inches (4") Velcro strip above the right pocket for a name tape. There shall be Velcro on the left breast area in order to attach a badge plus a minimum of five (5) pouches (examples: handcuff, double magazine pouch, radio, less lethal, M4 magazine, etc.).

10. Carrier shall have a sewn-in 5" x 8" pocket on the front chest area to accommodate an optional sternum plate. The carrier lining shall be made of CoolMax ® material or equivalent.

11. Armor shall be free from any defects affecting durability, serviceability, appearance, or safety of the user. Workmanship and construction details, cutting, stitching and finishing shall be in all cases in accordance with first class commercial textile standard practices for the intended purpose.

12. Armor shall contain no metals or ceramic of any kind.

13. The Contractor shall provide a product label meeting the NIJ CTP requirements on each armor.

14. Body armor shall be constructed of High Performance Materials in compliance with the NIJ standard in effect at the time of order to meet the needs of the County with respect to comfort and service life.

15. Ballistic material for the Level IIIA armor shall have a nominal weight (Area Density [lbs/ft²]) of approximately 1.15 lbs in a 12" x 12" (one sq. ft.) section, taking into account the ballistic material manufacturer's weight tolerances and a thickness [inchess] of no more than .352.

Here is the list of options that shall be included with the construction of the Tactical Outer Carrier:

1. Two (2) front pockets as the same level as those on a dress shirt (open, no cover to pocket)
2. Molle Straps on the front and rear. The front shall start just below the pockets and the rear shall have two (2) rows at the bottom.
3. Soft Side VELCRO - name strip shall be just above right pocket, badge area shall be on left upper chest (with ability to put pin badge as well), and 6"x 3" or 8"x 4"
Velcro patch on the upper back for the attachment of the included "POLICE" in 2" block letters.

4. Vest shall zipper up the front and be able to be put on and off like a jacket.
5. Pockets - the following shall be included (handcuff (1), radio, double pistol mag, single pouch, M4 mag)
6. Radio Microphone clip area on front of vest.

C. MEASURING OF OFFICERS

The Contractor shall take measurements of officers at the Arlington County Police Department, 1425 N. Courthouse Rd., Arlington, VA 22201, or at the Northern Virginia Criminal Justice Academy (NVCJA), 45299 Research Place, Ashburn, VA 20147, at the discretion at the County.

The Contractor shall make up to eight (8) visits per year to Arlington County and NVCJA, for measuring and fitting of new recruits.

Visits will be scheduled between the Contractor and the County after award of the contract.

The cost associated to the measurement shall be included in the price of the body armor.

D. WARRANTY

All items covered by this contract shall be warranted to meet or exceed the minimum performance requirements for type IIIA armor as specified in the NIJ Standard in effect at the time of order, for at least a five (5) year period.

This warranty shall include defects in materials and workmanship. If an item is found defective and cannot be repaired, it shall be replaced and shipped at no cost to the County.

E. REPAIR SERVICES

The Contractor shall provide repairs and alteration services. Repairs shall be completed within 30 (thirty) business days.

E. ESTIMATED QUANTITIES

Arlington County anticipates the purchase of approximately eighty (80) Male Officers and twenty (20) Female Officers units of ballistic undergarments annually for the duration of the contract. Refer to the "REQUIREMENTS CONTRACT (ESTIMATED QUANTITIES)" paragraph in the "CONTRACT TERMS AND CONDITIONS" section.

F. PASS-THROUGH PRICE ADJUSTMENTS

Changes in NIJ standard might result in price increase for the Contractor. The County will consider requests by the Contractor to allow "pass-through" price increase only when submitted in writing with documentation to support the requested adjustment (i.e. letter from supplier or manufacturer with details of price increase, Bureau of Labor Statistics indexes, etc.). Requests shall be submitted to the County in writing at least thirty (30) days prior to the effective date.

Prices may be adjusted upon mutual agreement between the County and the Contractor.

The County won't allow price increases that are greater than the amount passed on to the Contractor.

The Contract unit prices changed as a result of the above procedure shall become effective upon acceptance of the County in the form of the issuance of a formal Notice of
Contract Amendment and shall be binding on the Contractor for the remainder of the contract term.

F. DELIVERY
The Contractor shall provide all items covered under this contract within thirty (30) days after receipt of a purchase order.

The Contractor shall ship or deliver orders FOB Destination, Freight Prepaid to the ACPD Office to the following address: 1425 N. Courthouse Rd., Arlington, VA 22201 or the Sheriff's Office at 1435 N. Courthouse Rd., Arlington, VA 22201 as requested by the ordering agency.
